

Cattle Markets Unsettled As Export Ban Lifted

Canadian, U.S. Co-operation In Defence Talked

OTTAWA (CP)—Defence Minister Claxton said this afternoon "all aspects of defence co-operation" had been discussed at a two-hour meeting of James Forrestal, United States Defence Secretary, and the defence committee of the Canadian cabinet.

Mr. Claxton and Mr. Forrestal met reporters at a brief press conference. Mr. Forrestal arrived here Sunday on a courtesy visit and will leave tomorrow.

Mr. Claxton said: "One of the most satisfactory things for us was to find out how much the planning of the two countries is moving along the same lines."

LIMITED INFORMATION

At the press conference the two defence chiefs were asked a number of pertinent questions on such subjects as standardization of arms and Newfoundland military bases, but gave no positive answers.

Mr. Claxton said it was too early to say how much military equipment would be based on British and how much on U.S. design. However, the whole question of standardization was under study.

Mr. Forrestal said the change in Newfoundland's political status was too recent to give any statement about U.S. defence bases there.

Aides said Mr. Forrestal was considerably interested in the degree to which Canada has been able to merge her three defence forces.

Briton Charged With Disastrous Jerusalem Blast

JERUSALEM (AP)—The Israeli government today accused Frederick Sylvester, a British utility engineer already facing espionage charges, of helping plan the Ben Yehuda Street bombing here last Feb. 22. More than 50 persons died in the blast.

Formal charges against Sylvester and William Hawkins, also a former Jerusalem Electric Corporation official, were read in court today at the opening of their hearing. Both were charged on nine counts of obtaining and broadcasting military information to the Arabs.

Sylvester, in addition, was charged with artillery spotting, having an unlicensed transmitter and with "conspiracy to deposit explosives in Ben Yehuda Street calculated to cause death to persons therein." The hearing is expected to continue all week.

Rifle Cache Found On Trial Island

A cache of rifles with ammunition was discovered on Trial Island off Shoal Bay by two youths who reported their find to Oak Bay police Sunday.

Police said three .22 rifles, eight boxes of bullets, including a fawn trench coat were found hidden in some bushes by Ted Cox and J. Meredith who were out fishing Sunday. The rifles were in good condition. One of the rifles had a telescopic sight.

Police believe the rifles were either stolen or were being used by some boys to shoot game around the island. Trial Island is a game reserve.

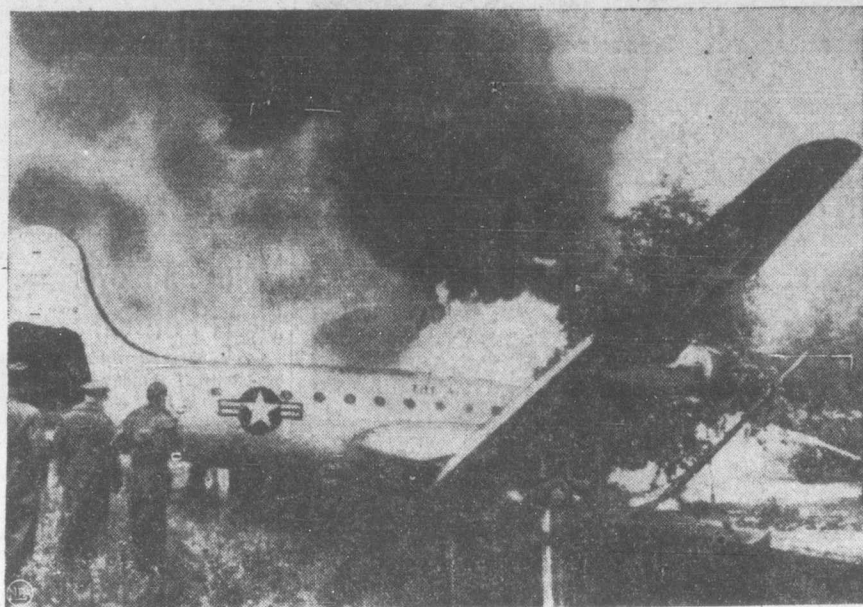

29 Estonian Refugees On Canada's Doorstep

QUEBEC (CP)—Immigration officials today were pondering the future of 29 Estonian refugees who arrived here Saturday in a little, 30-ton craft after crossing the Atlantic from Scotland.

The Estonians, who described themselves as "refugees from Communism," put in at Quebec after several days of battling the current of the lower St. Lawrence River.

They had originally come from Sweden after leaving their

Airlift Plane Crashes In Berlin

This U.S. C-54 airplane, spanning the Soviet blockade of Berlin with a cargo of coal, burned after crashing into a fence at the Tempelhof Airdrome, Berlin. Another C-54 made an instrument landing on a half-completed runway and was heavily damaged. Both crews escaped without serious injury.

At Least 6 Czech Olympic Stars 2 Hungarians, Will Not Go Home

LONDON (CP)—At least eight Olympic athletes have decided against returning to their Communist-ruled homelands. Two of them, Czech swimmers, have indicated they want ultimately to go to Canada.

Jiri Kovar, 23-year-old architectural student from Jicin, Bohemia, and Jiri Linhart, 24-year-old Prague electro-mechanical engineer, have asked through Czech relief organizations about going to the Dominion.

ON POLITICAL GROUNDS

However, the Czech Committee for Political Refugees told the Canadian Press they will be re-

maining in England for the time being. Their decision not to go home was taken on political grounds.

The two Czechs and three Hungarians disclosed Sunday they intended to stay in England, but finally one of the Hungarians later went back to Hungary. Today four more Czech athletes decided against returning home.

Except in the case of Kovar and Linhart, the Czech committee withheld the names for fear of retribution against relatives still in Czechoslovakia.

"But six Czech athletes who came here for the Olympic

Games definitely have decided against returning," a committee spokesman said. "Two of the athletes are swimmers. The other four were on the rowing team."

TURN PROFESSIONAL

The Hungarian Olympic committee admitted that two Hungarian swimmers, Oszkar Csuvik, 23, and Elmer Szatmari, 22, are staying in England with British permission. The Hungarian committee insisted that Csuvik and Szatmari were not political refugees, but only "two adventurous young men" who want to make their living as professional swimmers.

Ex-Official Of U.S. State Dept. Appears At Inquiry

Woman Cowboy Injured By Horse

DETROIT (CP)—A 30-year-old woman "bronco buster," billed as "three times world champion," suffered severe injuries today from a bucking horse that threw her, rolled on her and trampled her head.

Gail Thomas—in private life Mrs. Jerry Lee—is in hospital with a fractured skull and internal injuries. Miss Thomas won her first Woman's World Championship in Madison Square Garden in 1942, and has twice repeated.

Soviets Preventing Relief Of Changchun

PEIPING (AP)—Red anti-aircraft guns ringing Changchun are preventing government planes from dropping food to the starving Manchurian city, Chinese sources here today said. Some 200 persons are reported starving to death in Changchun daily.

Soviet-occupied country and arrived at St. John's, Nfld., last month.

Port immigration officials placed them in detention barracks and got in touch with headquarters at Ottawa.

The Estonians hoped, it cleared, to continue their voyage to Montreal, their original destination.

All were said to have relatives in Canada, but had not yet been able to communicate with them.

WASHINGTON (AP)—Alger Hiss, former United States State Department official, accepted an invitation to testify to the House of Representatives Un-American Activities Committee in closed session late today.

Chairman Parnell Thomas (R., N.J.), when announcing this, told reporters it was unlikely Whitaker Chambers would be present.

Asked why Chambers would not be present, Thomas replied, "I expect to have a statement after the hearing (of Hiss)."

Original plans were to have the two men—accused and accused—face each other today and see whether they would repeat conflicting testimony given the committee in its investigation of alleged Communist spy activities.

Chambers, now a senior editor of Time magazine, has testified he was an active Communist in the 1930s. He said he knew Hiss as a member of an "elite" Communist underground movement that once operated here.

Hiss, in public testimony, has denied any Communist connections and declared he does not know Chambers.

The committee plans an early recess of its hearings.

But the echoes seemed likely to reverberate for a long time to come.

Attorney-General Tom Clark, for instance, whipped out a contention that the inquiries have damaged administration efforts to crack down on Communist activities.

Brig. M. P. Bogert
B.C. Commander

KINGSTON, ON. (CP)—Brig. Geoffrey Walsh, 38, C.B.E., D.S.O., assumed command of the Canadian Army's Eastern Ontario Area today. He succeeds Brig. M. P. Bogert, who has been named commanding officer of the British Columbia area.

Tragedy Averted By Phone Accident

VANCOUVER (CP)—Parental neglect of a young family of three here during the week-end threatened tragedy when one of the children accidentally turned a gas jet partly on.

The couple had left the youngsters alone Saturday while they attended the races here.

One of the seven-year-old twins accidentally knocked the telephone receiver from its hook and the telephone exchange interpreting the disconnection summoned police.

Police found a strong odor of gas throughout the house and one of the jets turned on.

R.C.A.F. Wreckage, 6 Skeletons On Alaska Island

KETCHIKAN, Alaska (AP)—A U.S. Coast Guard party reported Sunday it had found the scattered remains of what appear to be six bodies in airplane wreckage on Cape Chacon at the southern tip of Prince of Wales Island.

Searchers identified the plane as a Royal Canadian Air Force Hudson bomber. They said it appeared the wreckage had been there for several years.

An Ellis Airlines plane spotted the wreckage Saturday. The Coast Guard group, headed by Cmdr. John Glatz hiked in Sunday.

Glatz reported the wreckage was strewn over a large area. He said the remains of the passengers also were widely scattered, but it appeared six died in the crash.

The R.C.A.F. stopped using Hudsons late in the war, indicating the plane may have gone down as early as 1939 or 1940. R.C.A.F. officers in Vancouver and the Northwest Air Command at Edmonton were checking the list of missing Hudsons.

Provinces Meet To Plan Action On Freight Rate

WINNIPEG (CP)—Council and technical advisers of seven of Canada's nine provinces are meeting today behind closed doors to discuss plans for combating an application by the Railway Association of Canada for a further 20-per-cent increase in freight rates. Ontario and Quebec are the two provinces not opposing the boost.

The application was made late last month following a general 17-cent-an-hour wage increase to railway employees July 24.

Legal and technical advisers attending the meeting include C. W. Brazier, British Columbia counsel, and J. J. Frawley, Alberta counsel.

The railways first made application for a 30 per cent freight rate increase in October, 1946. A 21 per cent boost was awarded to the railways last March, following more than a year of hearings by the Board of Transport Commissioners.

ORDER TO BOARD

Shortly after the increase had been granted, the provinces asked for a general inquiry into the Dominion's freight rate structure. The federal government ordered the board to make the survey.

Last July, the premiers of the seven provinces asked for appointment of a Royal Commission on freight rates. This application was rejected by the cabinet.

At the recent National Liberal Convention in Ottawa, western and Maritime delegates succeeded in having the Royal Commission request inserted in the party's new platform.

LATEST

Charge Denied

TORONTO (CP)—Michael Jackson, Great Lakes director of the Canadian Seamen's Union (T.L.C.), said today "none of our personnel was anywhere near the area" where four seamen, crew members of the freighter Westmount, were captured Sunday and forced at a dog-trot through Hamilton streets. He suggested the incident may have been an attempt to "discredit" the C.S.U.

Diefenbaker Silent

REGINA (CP)—In Regina to attend a meeting of the provincial executive of the Progressive Conservative Party, John G. Diefenbaker, M.P. for Lake Centre, Sask., said he had no announcement as yet to make on whether he would contest the national leadership race. "I may have something to say about this matter shortly," he said.

700 D.P.'s Land

HALIFAX (CP)—The liner Marine Swallow docked here today and began disembarking 400 displaced persons from Germany. Another 300 displaced persons left the liner Sobieski, which arrived Saturday.

Storms Hit Communications; Cause B.C. Fruit Crop Loss

VANCOUVER (CP)—Terrific wind and thunderstorms in the Okanagan and Kootenay districts Sunday caused serious disruptions of telegraph and telephone communications within the province and to eastern points.

The areas hit by the summer blasts extended about 100 miles from Kamloops to Revelstoke, from Nelson to Midway, 75 miles southeast. Major damage to communications was caused by trees blown over by lashing winds.

Hailstones the size of golf balls fell in the Nelson district where the storm lasted only eight minutes.

Reports from Kelowna, in the rich Okanagan Valley fruitlands, said crops in a 100-square mile

U.S. Buyers Shy Off Prices Asked; Claim Quality Not So Good

At Spy Inquiry

Charles Kramer, New Deal economist, is shown testifying before the House Un-American Activities Committee in Washington. He was accused by Miss Elizabeth Bentley, self-confessed Communist spy queen, as being a member of a Red espionage network in Washington. Kramer refused to tell the committee whether he was a member of the Communist Party and whether he had ever given secret information to Miss Bentley.

SS Man Accused Of Killing Canadians Flees From Trial

HAMBURG (Reuter)—Harold Heyns, former German S.S. (Elite Guard) sergeant, who, with another S.S. man, Herbert Koch, is charged with killing two R.C.A.F. officers, disappeared from the courthouse this afternoon 10 minutes before his case was to start.

It is believed he broke out of a lavatory and escaped through the unguarded back entrance of the courthouse.

The two S.S. men are accused of killing P.O. Hugh W. Birnie of Toronto and P.O. Donald S. Jamieson of East Kildonan, Man., at Martigny, France.

At Ottawa R.C.A.F. headquarters said Birnie, a navigator, and Jamieson, an air gunner, had fallen into the hands of the Germans after bailing out of a plane in August, 1944.

The two fliers reached the French underground, but later were picked up by the Nazis while in civilian clothing. Because of this, they were held under the German designation of "civilian terrorists."

Late in August they were taken from their prison to an "unknown destination." Air force records here show no further trace of them and they were listed as presumed dead as of Aug. 22, 1944.

Steel Barge Sinks; 3 Die, Many Rescued

TOLEDO, O. (AP)—Three persons drowned Sunday night when a steel cable barge carrying some 30 passengers sank in the Maumee River south of here, police reported. Many passengers were rescued and administered artificial respiration by persons who swam to their aid from the island.

TORONTO (CP)—The Toronto livestock market was slow to react today to the ending of the embargo on shipments of Canadian cattle and calves to the United States.

Prices moved ahead three to five cents a pound, live weight, on some grades in early trading, but the market did not react as sharply as had been expected to the removal of the export restrictions, announced last week.

Cattle and calf receipts of 5,200 head were normal.

F. J. Bridle, official of the federal department of agriculture, reported some 15 U.S. buyers who invaded the market balked at prices asked by farmers and dealers.

Some observers reported the asking price was 40 per cent higher than last week. That would mean increases of seven to 10 cents a pound.

One U.S. buyer said he was prepared to pay 26 to 30 cents a pound, but could find no takers.

F. C. Fletcher, stockyards manager, said: "Buyers and sellers are all at sea. It may take all day to find out what is going to happen and what the prices will be."

He said Canadian cattle could not be expected to sell at U.S. levels. Top price for best steers on the Chicago market last week was 41½ cents a pound, live weight. "Your quality is lower," he added. "U.S. cattle are fed a high quality of corn, while Canadian cattle get softer grains and do not finish off so well."

Throughout Ontario, retail prices of beef and veal were generally unchanged although some centres reported increases.

Some restaurants boosted prices. In Toronto, some raised meat sandwiches five cents each last Saturday.

Sellers were holding the better type of the steers from \$28 to \$30, while top cows were quoted around \$20 and the best heifers up to \$25.

However, no reliable quotations were established.

SHIFTING MARKET

CALGARY (CP)—The cattle market here moved erratically today and livestock officials said there was no settled trading yet established.

No prices were quoted although some top-grade steers sold at \$27 a 100 pounds and some cows at \$18. A high of \$27 was recorded Friday when the market reacted to the disclosure the embargo on export of cattle to the United States had lifted.

Prices unchanged here

Retail beef prices in Victoria were about at the same level today as they were last week and local wholesalers and butchers now say they will have to wait another couple of days before they will know when an increase will come and how big an increase it will be.

With the lifting of the embargo on Canadian beef to the United States today, it had been thought earlier, prices offered this morning by packinghouse buyers would be up considerably. It has turned out, however, that the buyers are not willing to pay the new high prices being asked by the sellers.

"The price factor here will remain uncertain until marketing settles down," one city wholesaler said.

All others were in agreement with this, but one declared that regardless of the price, Canadians will not have such good quality beef now the embargo has been lifted.

"The U.S. buyers will be after all our light-grained beef. They will leave the rest for Canadians," he said.

U.S. Orders Arrest Of 'Tokyo Rose'

WASHINGTON (AP)—Attorney-General Clark today directed the arrest in Tokyo of American-born Iva Toguri D'Aquino in connection with wartime broadcasts over radio Tokyo.

The attorney-general said Mrs. D'Aquino, native of Los Angeles and the wife of a Portuguese citizen, will be brought back to the United States to answer a treason charge.

The Justice Department said Mrs. D'Aquino was one of at least six English-speaking Japanese women to whom U.S. fighting forces beamed broadcasts from the Pacific between 1943 and 1945.

It may be three months before she can appear before the committee.

Mrs. D'Aquino has been technically under the protection of the United States government since she accepted a subpoena Saturday to testify before the House of Representatives Committee on Un-American Activities in its probe of alleged Communist spying in the United States.

RUSSIAN STATEMENT

MOSCOW (AP)—Tass said today that statements by Mrs. Oksana Kosenkina "have no value since they are made through American police and intelligence agents."

Typewriter, Radios Stolen

VANCOUVER (CP)—Largest, and probably the heaviest, week-end loot of burglars here was one typewriter and 17 radios, valued at \$1,354.

Big Turn-Out For Official Opening Victoria West Park

Close to 1,000 residents of Victoria West turned out Saturday for the opening of their new recreation centre, unofficially called Banfield Park.

It was a gala affair with representatives from all the municipalities in attendance.

Mayor Percy George opened the park with words of praise for the residents who organized work bees to clear and level the park lands which run down to the shores of Selkirk Water off Craigflower Road near Verne Terrace.

He said the people of Victoria West have set an example for others to follow. They should be proud of their accomplishments. Chairman at the opening ceremony was Ald. Charles Banfield, president of the Victoria West Community Association, which is sponsoring the park. He, too, had words of praise for the association members who "worked like beavers" to change the bush-land into park land.

TO BUY EQUIPMENT

Ald. Banfield announced later that \$556 had been realized from sale of refreshments and game fees, which, together with \$170 donated previously by the Victoria West Bowling Club and other organizations, will be used to purchase playground equipment for children visiting the park.

Feature of the opening ceremony was the display of vegetables grown by children of Victoria West from seed supplied in the spring by the community association.

May Queen Stephanie Jones of Victoria and Queen Beverley

Bark of Esquimalt were in attendance with their courts.

Entertainment included performances by the Victoria Girls' Pipe Band, Salvation Army Band, Eagles' Women's Auxiliary drill team, J. MacFarlane's Punch and Judy Show, a midway, pony rides.

Visitors includes Ald. Margaret Christie and Ald. Frank Mulliner, Reeve A. I. Thomas, Esquimalt, and Councillor Charles Smith; Councillor W. C. Kersey and Councillor J. Len Hobbs, Saanich; Councillor J. V. Johnson, Oak Bay.

Report Tomorrow To Estimate Size Of 1948 Wheat Crop

OTTAWA (C.P.)—Two big reports which will do much to shape economic trends in Canadian agriculture will be issued from the capital this week, both from the Bureau of Statistics.

They will deal with wheat. One, to be released Tuesday, will estimate the size of the 1948 prairie wheat crop. The other, scheduled for publication Thursday, will announce the size of the carry-over of wheat at the opening of the new crop year last Aug. 1.

The crop estimate will be the more important since it indirectly will indicate how much money prairie farmers will have during the next year for purchase of goods and needed equipment, renovation of their farms and general upkeep.

Until the report comes, it would be difficult to hazard a guess. However, the new crop is expected to be smaller than that of last year, when \$340,000,000 bushels were harvested. The crop in 1946 was a bumper one—413,000,000 bushels.

The smaller crop this year results from a period of drought which developed during June, the critical month during which the growing grain needs all the moisture it can get.

Manitoba likely will report the best harvesting prospects, with yields variable in Alberta and Saskatchewan.

The wheat carry-over, which indicates the amount of wheat left in the country after exports and domestic usage, can be estimated at about 95,000,000 bushels on the basis of figures which have been released thus far. This would compare with a carry-over of 84,000,000 bushels last year.

Canada's exports during the 1947-48 crop year totaled around 180,000,000 bushels. Another 150,000,000 bushels was used at home for bread-making and other domestic consumption.

SET SAIL FOR POLAND—Dale Nordland (top) and Leopold Topor-Taperek set sail from Seattle, Wash., aboard a 24-foot cutter on a pleasure cruise they hope will end in Warsaw, Poland. They plan to make the journey through the Panama Canal and across the Atlantic, sailing up the Vistula River to Warsaw. With them is Taperek's dog Borek, on Taperek's lap.

Sourdoughs Wind Up Three-Day Reunion With Park Picnic

VANCOUVER (CP)—A soggy sky and splattering rain failed to dampen the spirit of 600 Chechacos and sourdoughs who met here in Stanley Park Sunday for a picnic and the wind-up of their three-day international reunion.

Their sleeves were up and their hair was down as they bit into the last round of their 50th anniversary of the "Trail of '98."

They came from all over the world, across Canada and the United States, the Yukon, Alaska and Europe to see again their companions who helped glorify the rush to Dawson Creek, who had pitted human vigor against inhuman elements in the quest for gold.

Highlights of their reunion was the presence of Robert W. Service, the man who had immortalized in verse the mad scramble. He had come 6,000 miles from his "poison paradise" in Monte Carlo to swap yarns.

Service spoke at their "grand banquet" Saturday night. "They wrote me to ask I be with them in spirit, to ask I

send a message to this golden anniversary," Service said.

"In spirit be darned . . . why not in the ruddy flesh?"

The bard of their frozen and glorious past recalled tales they had lived together, read from his poems about the "cussedest land that I know."

William H. Brown of Los Angeles, new president of the Sourdough Association, said Sunday the Klondike gold rush days of 1898 did much to establish unity and understanding between Canada and the United States.

"On the Yukon-Alaska frontier our motto was 'There is no boundary line here,'" he said. "We set an example that is a credit to both countries and the envy of other nations."

Tuesday some of the sourdoughs who are left and able will follow the Yukon Trail again to Dawson Creek to "meet and shake the hand" of their fellow sourdoughs.

Boiler Bursts; 3 Die

NUERNBERG, Germany (AP)—Three workers were killed and more than 20 were injured seriously by the explosion of a tar boiler in a screw manufacturing plant here today. The explosion was attributed to a clogged pressure pipe.

Western Germany Enjoys Boom As Result Of Currency Reform

By GEORGE BOULTWOOD
HAMBURG, Germany (AP)—Western Germany is enjoying a boom.

Production figures—especially in heavy industry—are climbing up and up.

More coal is being mined. More food is being delivered to city markets by German farmers. The black market is almost dead.

These events, almost unnoticed because of the overshadowing Berlin crisis, have been brought about by the currency reform introduced in western Germany June 18.

By deliberately creating a shortage of money the western Allies set the Germans to working harder than ever since the end of the war and forced out an amazing amount of hoarded goods to give them more encouragement.

Roughly 90 per cent of the money in the three western zones

was wiped out by currency laws. Wages remained the same.

The result was to make a better balance between the amount of money in the hands of the public and the quantity of goods available.

Prices tumbled down. The shopkeepers needed money too, and in face of careful marketing by housewives had to adjust to the consumers' ideas.

Duncan Golf Course

DUNCAN — Construction of a golf course about three miles south of Duncan on the Island Highway is now nearing completion and it is expected the course will be ready for use next spring.

Within the last few months eight and one-half fairways have been completely cleared and are almost ready for seeding. The eighth fairway is the only one not completed.

Montreal Mayor Signs Petition

MONTREAL (CP)—The city of Montreal Sunday night petitioned Pope Pius asking that the Holy See proclaim the bodily assumption of the Virgin Mary into Heaven.

The petition was read in Notre Dame Cathedral by Mayor Camillien Houde as a four-day Marian Congress of studies on the Assumption concluded here. Then the document was signed by the mayor and Msgr. J. Charbonneau, Archbishop of Montreal.

The petition asks in part that the Pontiff consider proclaiming the "actual presence and glorious life in Heaven of Mary, both in body and in soul."

Included in the document was a request to Premier Duplessis that the island of Anticosti, in the Gulf of St. Lawrence, be renamed the Isle of the Assumption. This was the name given to it by explorer Jacques Cartier in 1535.

U.S. Faces Deficit Of \$1,500,000,000, Says President

WASHINGTON (AP)—President Truman said Sunday the United States faces a \$1,500,000,000 deficit and a near-record \$42,200,000,000 of peacetime spending, with "deficit financing" looming indefinitely ahead.

In a hotly worded mid-year review of the nation's budget, Mr. Truman said new billions for defence, plus the stop-Communism foreign aid program, have shot spending up more than \$6,000,000,000 above last year's \$36,000,000,000 total.

The President blamed "ill timed" tax reduction, passed by a Republican-controlled Congress over his veto, for running the government into the red in the fiscal year ending next June 30. Republicans instantly loosed a volley of criticism.

Senator Bridges (Rep.-N.H.), chairman of the Senate appropriations committee, charged that "juggled" and "scrambled" figures in the White House report conceal a surplus "that will not be less than \$6,000,000,000."

Deliver Or Explain, Czech Farmers Told

PRAGUE (AP)—Farmers who have not delivered their quotas of grain last year or this year are going to have to explain their failure, the Communist newspaper Rude Pravo said Sunday. The newspaper said also the Communist-dominated Union of Czech Farmers had suggested that "national managers should be imposed on all farms owned by agricultural saboteurs and by those who fail to fulfill their quotas."

T.C.A. Plane Burns, Passengers Continue On Another

A stewardess from Kitchener, Ont., Rita Meyer, led 11 passengers of a burning T.C.A. plane at Sydney, N.S., through the smoke to door where the pursuer caught them as they jumped. Only the fire-gutted fuselage remained as investigators probed the wreckage. All passengers but one who lost his papers continued the journey to Britain in another plane.—(S.N.S. Photo)

Soviet Spy Charge Against U.S. Officer Cover-Up For Kosenkina

By JOHN M. HIGHTOWER
WASHINGTON (AP)—Russia's belated spy blast against a United States naval officer is viewed by officials here today as an attempt to cover up waning Moscow interest in the Kosenkina-Samarine schoolteacher cases.

Moreover, the State Department insists that the espionage charge against Lieut. Robert Dreher is a deliberate Soviet frame-up.

The department disclosed that U.S. Ambassador Walter Bedell Smith bluntly told Andre Vishinsky, Soviet Deputy Foreign Minister, last April that he considered the evidence against Dreher had been "arranged" with the connivance of the M.V.D.—Russia's famous secret police.

BIG FUSS MADE

The Moscow press and radio made a tremendous fuss Sunday about the apprehension of the alleged U.S. spy last April 23 at the very moment when he was receiving secret and "unauthorized" information from a Soviet customs official identified only by the mysterious designation "E."

Officials were immediately raised two questions: Why had the Russians waited

almost four months to break the case and then chosen a moment of great excitement here and abroad over the Kosenkina and Samarine incidents?

Also why should the customs officials be designated only with the letter "E" in the public release if the Soviets considered the charges legitimate and were bringing legal action against him?

The Russian government considers any unauthorized dealings between a Soviet citizen and a foreigner to be an offence, and the release of official information in that way is an extremely grave crime in Soviet eyes.

State Department officials tentatively concluded the Soviet government is recognizing that it badly overplayed its charges of American criminality, kidnapping and violations of international law in the case of the two schoolteachers in New York. They are

Mr. and Mrs. Michael Ivanovitch Samarine and Mrs. Oksana Stepanovna Kosenkina, who said they preferred to stay in the United States rather than go home.

2-YEAR DUTY ENDS

Three days after Lieut. Dreher's meeting with "E," press officer Michael McDermott said, Vishinsky sent for Ambassador Smith and said the Soviet government was requesting that Dreher leave the Soviet Union at once.

"The ambassador pointed out to Mr. Vishinsky," McDermott said, "that... the presence of agents of the M.V.D. on the scene would indicate that this interview had been arranged by the Soviet authorities."

Smith told Vishinsky, however, that since Dreher's two-year tour of duty was finished and he already was under orders to return home, the Embassy would speed his departure.

Jews Blame Arabs For Resumption Of War At Jerusalem

JERUSALEM (AP)—The Israeli Army said Arab snipers fired on Jewish traffic today on the Judean mountain road two miles west of Jerusalem.

The report followed a day in which Jerusalem resounded to the heaviest fighting since the second United Nations truce started four weeks ago.

The army announcement said there was skirmishing in four areas of Jerusalem and asserted that "Arab military activity continued steadily in the last 24 hours."

Mortar and heavy machine-gun fire resounded throughout the Jerusalem area Sunday only 48 hours after the deadline for a new truce. Count Folk Bernadotte, the United Nations' mediator, had asked both sides not to fire after the early morning hours of Friday.

The Jews, listing five casualties, said the Arabs were responsible.

(A spokesman for the Trans-Jordan Arab Legion said in Amman that the Jews attacked Legion forward posts.)

SELF-DEFENCE PLANS

Montreal-born Dr. Bernard Joseph, Israeli military governor of Jerusalem, said the Jews reserved the right to self-defence. But he said his command had no issued instructions to open fire and not to reply to enemy sniping in order that U.N. observers might establish responsibility for violations.

In other developments: 1. Brig. John Glubb Pasha, British commander of the Arab Legion, said in Paris that nearly 500,000 Arabs "driven from their homes in Palestine will die from starvation" unless something is done before winter.

2. A group of 355 Jews, identified by the French Press agency as Exodus 1947 refugees, arrived at Bandol, France, in special trains. The agency said the Jews are part of those who sailed without immigration visas for the Holy Land in the Exodus 1947 from southern France 13 months ago. Royal Naval warships intercepted the vessel and the refugees were sent back to France.

3 Hurt In Blast

HULL, Que. (CP)—Three workmen were burned, one seriously, when a 2,200-volt generator exploded Sunday night, sending a searing flash through the Gathenau Power Company's No. 1 powerhouse.

Hastings Park Overnight Entries

VANCOUVER (CP)—Exhibition Park entries for Tuesday, Aug. 17:

First race—Allowance \$900, for three-year-olds and up, six furlongs:

6566	Aray Nevada (Williams)	120
6578	True Act (Martin)	110
6574	Sumplin (no boy)	113
6522	Cotton Eye (Bailey)	115
6557	Neck Ahead (Wilson)	108
6565	Haywire (Gomez)	115
6564	Light Port (Coppertoll)	120
6578	Rio Rose (Robertson)	115
6585	Bandra (Moncrief)	110
6543	Novella Man (Moncrief)	115

Also eligible:

6565	Shastone (Higbee)	115
6576	Parapapa (Godley)	120
6582	Int. Laver Jr. (Nelson)	120
6578	Mister Amster (Nowell)	113

Second race—Claiming \$900, for three-year-olds and up, six furlongs:

6597	Episot (Moncrief)	113
6524	Don o' War (Noffinger)	120
6592	Flak Happy (Bailey)	120
6561	Burna Pete (no boy)	118
6521	Gold Bay (no boy)	115
6554	Xenofelia (Coppertoll)	113
6556	Brilliant Help (Gomez)	115
6579	Sir Bross (no boy)	115
6583	Noreen (Smith)	106
6586	Intercessa (Wilson)	108

Third race—Allowance \$900, for two-year-olds, five and one-half furlongs:

6525	Tranby Croft (Gomez)	115
6527	Mud Puddle (Gomez)	111
6598	Lady Model (Williams)	114
6599	Smoky Sue (Bailey)	112
6555	La Gazelle (Noffinger)	115
6555	Administrator (Johnson)	122
6539	Bar Whiskey (Robinson)	115

Fourth race—Claiming \$900, for three-year-olds and up, six furlongs:

6537	Cleo Ming (Coppertoll)	109
6566	Lady Arden (Moncrief)	101
6546	New Joe (Robinson)	116
6546	Bruky (Athey)	115
6546	Arbor Vita (Godley)	115
6546	Sparkling Blue (Martin)	113

Fifth race—Claiming \$900, for three-year-olds and up, foaled in Canada, six furlongs:

6515	Sir Gallator (Athey)	115
6515	Karami (Gomez)	120
6521	Tusker (Smith)	113
6571	Cypar Opal (Bailey)	109
6568	Leopold (Noffinger)	116
6546	Burlake (Noffinger)	109
6562	Patience (Coppertoll)	104

Sixth race—Allowance \$900, for three-year-olds and up, six furlongs:

6579	Calmar (Gomez)	111
6583	Hia Brother (no boy)	116
6535	Sir Ashtol (Bailey)	116
6567	Franklin E. (Noffinger)	116
6521	Sergeant Don (Stallings)	116
6571	High Fox (Coppertoll)	121

Seventh race—"B.C. Oaks," for three-year-old fillies, foaled in Canada, one mile:

6531	Gallant Josie (no boy)	124
6583	Peaceful Jane (Johnson)	114
6556	Lady o' Worth (Smith)	110
6538	Lilly Destrer (Bailey)	111
6586	La Mouche (Gomez)	111
6571	Red Invader (Wilson)	110
6562	War Peggy (Moncrief)	110
6538	Mira Trist (Coppertoll)	112

Eighth race—Claiming \$900, for three-year-olds and up, one mile:

6540	Cappy S. (no boy)	105
6568	Don Chico (Pulver)	115
6566	Ed Rausch (Coppertoll)	118
6588	Three Gees (Wilson)	113
6561	Callard (Athey)	110
6554	Mataco (Godley)	113
6560	Shasta King (Gomez)	113
6531	Wellington (Coppertoll)	118
6579	Amra First (Nowell)	113
6561	Dolly Somers (Smith)	101

Also eligible:

6579	Lady Burns (Moncrief)	108
6560	Valdina (Gadjet (no boy)	111
6568	Paris Doll (Coppertoll)	108
6569	Camp Ground (Noffinger)	118

Weather cloudy, track fast. First post 3:30 p.m. P.D.T. *Apprentice allowance claimed.

Greek Regulars Score Brilliant Victory At Grammos

ATHENS (AP)—The Greek army, exploiting a brilliant breakthrough on the guerrillas' southwestern flank, advanced nearly two miles today to within 700 yards of the main Grammos summit along the Albanian border.

A general staff spokesman said national forces now are turning back to snap a trap on the guerrillas in the southwestern and central areas of the Grammos Mountains front.

The general staff said the army had cleared 1,140 square miles of territory in the general offensive, launched 7,321, and that the forces of Communist Leader Markos Vafiades now hold only 135 square miles and 15 villages in the "free Greece" of the Grammos area.

3 Western Envoys In Kremlin Again For Molotov Talk

MOSCOW (AP)—Envoys of Britain, the United States and France conferred again late today with Foreign Minister Molotov in the Kremlin.

The series of conferences started July 31. The western diplomats are seeking a basis for talks to end the east-west differences and to solve the problem of blockaded Berlin.

Ambassador Walter Bedell Smith of the United States, Frank Roberts, special British envoy, and French Ambassador Yves Chataigneau left the British Embassy and drove in a heavy rain to the Kremlin.

Communist Threat In Japan On Surrender Anniversary

By RUSSELL BRINES
TOKYO (AP)—A restless, impatient Japan marked this third anniversary of her decision to surrender by emphasizing a new crisis over the threat of Communism—small but strong and persistent.

Rallies called to commemorate the day were devoted mainly to perpetuating the fight to curb the power of leftist unions of government employees.

Fiery speeches and strong gestures marked the hundreds of mass meetings held by both "anti-Communist" and "anti-Fascist" groups.

Despite their scanty numbers, the Communists have succeeded in producing a noticeable class split in a country which never experienced such a thing before.

The present conflict, possibly the most crucial of the occupation, was brought to its climax by a letter which the Supreme Commander, Gen. MacArthur, wrote to the Japanese premier.

MacArthur suggested to Hiroshi Ashida on July 22 that strikes by government employees be prohibited. Ashida's cabinet immediately issued an order against such strikes and prohibited government workers collective bargaining as well.

This has produced open defiance, (but thus far only verbal) from leftist labor leaders; the resignation of a top occupation official who disagreed with the no-strike policy; and an official

demand from Russia that the ban be canceled.

The Russian protest points up the link in Japan's ideological conflict with the world-wide controversy of the great powers.

Unions embrace some 2,500,000 out of 3,000,000 Japanese government workers. Private industry, not directly involved in the present struggle, includes some 4,000,000 union members. Government unions include the tough railroad and communications workers as well as school teachers and clerks.

Tenders Opened

Associated Engineering Co. Ltd., Vancouver, this afternoon submitted to the provincial government the lowest of two tenders for the construction of a boiler foundation at the Provincial Mental Hospital, Essondale. The firm bid to build the foundation for \$6,073.32.

Only other tender submitted to Works Minister E. C. Carson was that of Lickley Construction Co. Ltd., Vancouver, \$7,483.

BLUE DANUBE NOW RED?

THAT IMPORTANT EUROPEAN WATER-
way, the Danube River, has been the
subject of an international conference at Bel-
grade, as representatives of nearly a dozen
nations, including Britain and the United
States, deliberated on the problems of traffic
along the stream. Delegates from the
western countries have been consistently
out-voted by the Soviet bloc, with the result
that Russia appears in a position to dominate
the river and all that travels on it. A vote
last Saturday, for instance, defeated by 63
an American proposal that would guarantee
equality on the river and ensure non-
discrimination in the use of port facilities.
As it stands, such facilities now will be
granted only to shipping that obtains the
approval of those controlling the waterway.
A powerful weapon has thus been placed in
Soviet hands.

Extending 1,750 miles from the moun-
tains of the Black Forest to the shores of the
Black Sea, the Danube has an economic
value to the European continent that is often
overlooked by those of the Western Hemi-
sphere who know it best as the inspiration
for a Strauss waltz. It drains an area of
more than 300,000 square miles and is fed
by some 300 tributaries, many of which are
themselves important streams. Bordering or
traversing such states as Romania, Bulgaria,
Yugoslavia, Hungary, Czechoslovakia, Aus-
tria and Germany, and affecting others by
reason of its tributaries and transportation
services, the river exerts an influence on the
lives and economies of millions of people.
Its control by any one faction, which could
thus exert pressure on dependent states, has
the makings of a serious impediment to the
peaceful solution of European problems.

WEEK-END NEWS

A PART FROM THE PERPETUAL
charge and counter-charge from "the
East and the West"—which does not seem
to abate even though representatives from
both sides of the "Iron Curtain" are closer
together than for many months—yester-
day's news was of a mixed variety.

The High Commissioner for the Do-
minion of India, speaking from Ottawa in
celebration of the great sub-continent's first
year's experience of independence, referred
in somewhat doleful terms to his country's
handicap under the system of partition. He
said little which was original. He merely
emphasized a condition not easily cured. By
a sheer coincidence, moreover, it appears
that Prime Minister Attlee was spending
his week-end in Eire. What he was there
for, with whom he talked, and what was
said must remain in the realm of conjecture
for the time being. But successive govern-
ments in southern Ireland have complained
about their country's condition of partition.
Nor does there seem much that can be done
about it. Ulster—comprising the six north-
ern counties—is as implacably opposed to
political association with Eire as ever. And
it also developed yesterday that the German
Communists in partitioned Berlin spent
their Sabbath day in attempts to foment
new strife between East and West.

Happily for this hemisphere, and the
whole world, for that matter, the partition
which separates Canada from the United
States is not a matter of controversy. It is
a political and economic condition fully and
sensibly recognized by the peoples of both
nations. Hence it was interesting to learn
that Hon. James Forrestal, head of our
neighbor's department of defence, played
golf at the Royal Ottawa Club in the
national capital yesterday with Rt. Hon. C.
D. Howe, Minister of Trade and Commerce
—and the distinguished visitor will meet
various members of the Dominion cabinet
today. These, of course, will be friendly
discussions of mutual interest. What Mr.
Howe and Mr. Forrestal talked about yester-
day as they wended their way over the
undulating terrain of the Royal Ottawa is
not disclosed. All the public was told was
that both had excellent drives from the
first tee.

While the week-end news—and even the
new "spy incident" in the United States—
was not especially disturbing, its variety
indicates anew some of the unfinished
business from which the world cannot
separate itself.

IMPROVING ON NATURE

SOMETHING A LITTLE MORE CON-
crete than the adage that "faith may
move mountains" was planned by four
Seattle mountain climbers. They sought per-
mission from the National Park Service to
erect a 24-foot cairn of rocks on the summit
of Mt. Rainier, thus boosting its "elevation"
to 14,432 feet, one foot more than Mt. Elbert
and 14 feet higher than Mt. Massive, both in
Colorado. The project would have made Mt.
Rainier the second highest in the United
States—Mt. Whitney having the greatest ele-
vation—and would have brought the State
of Washington such prestige as may be
accorded the possessor of that distinction.

It is not surprising that the National
Park Service refused to countenance such a
program. But it is interesting to speculate
on the possible repercussions had it done so.
Man's urge to improve on nature would have

been given stimulating encouragement, and
the race for state geographical honors might
have been thrown wide open. No longer
could any one section of our neighbor's terri-
tory rest contentedly in the knowledge that
it had the longest, widest, deepest, heaviest
or greatest in regard to its physical endow-
ments. The competitive spirit would have
driven communities to enlarge rivers and
lakes, broaden forests or plains, extend the
height or girth of giant trees, and otherwise
exaggerate their topographical features in
an effort to claim regional leadership and
prestige. We may be thankful, all things
considered, that the whole idea has been
nipped in the bud, even though the group
threatens to appeal to a higher authority.

SOVIET SOLICITUDE

WE DO NOT KNOW JUST WHAT
facilities for a major surgical operation
the premises of the Soviet Consulate in New
York may contain, but it is reasonable to
believe that, even if they existed, they would
not be as fully-equipped or as serviceable as
those of any of New York's great hospitals.
There is therefore some doubt that the
Russian consul in that city had the best
interests of Mrs. Oksana Stepanovna Kosen-
kina at heart when he tried to insist that the
woman be taken back into the consulate and
treated there after her leap from an upper
window. The Soviet schoolteacher had
suffered a broken leg, a possibly fractured
pelvis, and internal and back injuries—
sufficient to require something more than
mere first aid treatment.

The Kremlin, of course, fearful of what
Mrs. Kosenkina may reveal if she talks to
F.B.I. investigators, was quick to back up its
New York official in his attempt to keep the
woman from getting into the hands of com-
petent medical authorities. Pravda on Satur-
day published charges that United States
intelligence agents in the uniform of New
York City police officers, entered the con-
sulate illegally to get the Soviet citizen and
take her to hospital. Surely even Pravda's
readers will be moved to speculate that more
lies behind the window-jumping incident
than that paper's news columns would
indicate.

DIPLOMATIC SUCCESSOR

THOSE CANADIANS WHO HAVE FOL-
lowed the diplomatic career of Mr.
Laurence Steinhardt will recognize that the
United States has again selected as its Am-
bassador to Canada a diplomat of outstand-
ing ability—whose fearlessness, by the way,
has marked the discharge of his onerous
duties in several of the capitals of the Old
World and the New.

As we stated in these columns the other
day when it became known that Hon. Ray
Atherton had been transferred from the
service of his country at Ottawa to be the
alternative delegate at the United Nations
session at Paris in September, this country
had been singularly honored by Washing-
ton's choice of a man universally acclaimed.
Mr. Steinhardt can boast an exhaustive
knowledge of law, economics, and diplo-
macy. Numerous publications from his pen
will bear witness to such claims as he might
be prepared to make. But he is known as a
modest man, and when he takes up his
duties at Ottawa, like his predecessor, he
will likely be content to let Canadians judge
him on his record among them.

NEW WEALTH

ANNOUNCEMENT OF THE OPENING
up of what may be the world's largest
deposit of titanium ore in Quebec, a province
which already has attained world import-
ance by reason of its mineral resources,
indicates possibilities of a new Canadian
industry. A \$25,000,000 project is now
being sponsored by provincial authorities
whereby a private company will develop the
deposit, with promise that it may provide
Canada with an output which will break the
monopoly India has heretofore held on this
important metal. Titanium has few uses in
its pure state, in which it is hard and brittle
and has a silvery-white appearance. But its
various compounds are important in making
steel and bronze alloys, in forming ingre-
dients for paint, and in a number of indus-
trial processes. This "infant industry" in
the Ancient Province will be a welcome addi-
tion to Canada's economy.

EARLY SETTLERS

FEW PRESENT-DAY RESIDENTS OF
this part of the North American con-
tinent give much thought to the history of
the area "before the white man came." And
fewer still are moved to speculate on its
state "before the Indian came," although
there is evidence to suggest that a race
with a highly developed culture inhabited
the region several thousand years ago. A
deposit of bones and other relics near Van-
couver has furnished investigators with an
indication that a tribe of men, taller than
the Indians who succeeded them, and
skilled in the surgical art of boring holes
in the skull (possibly to let evil spirits out),
lived and died in the coastal area.

Next Thursday, in a ceremony at Petro-
glyph Park, south of Nanaimo, another
important piece of evidence on these early
inhabitants will be presented to the Pro-
vincial Government by Canadian Collieries
(Dunsmuir) Ltd. The park, a four-acre plot,
is centred about the famous rock carvings
of strange fish-like creatures which are
believed to be the handiwork of the un-
known early dwellers. The petroglyphs
were discovered in 1860, but so far have
defied the efforts of scientists to decipher
their meaning. There is hope that further
discoveries eventually may shed more light
on these primitive artists and the civiliza-
tion that disappeared with them in the
early mists of North American history.

State Aid

By EDWARD HODGKIN
OXFORD has been acting host recently
to the sixth congress of universities
of the Commonwealth. More than 80 dele-
gates, from universities in Canada, Aus-
tralia, the Union of South Africa and many
other countries, assembled there to talk
over matters of common interest.

The main theme of the conference was
the relation between the state and the
universities. This is a question which is
bound to be of concern to anyone who cares
for freedom. If it is true that truth is the
first casualty of war, it is equally true
that learning is the first casualty of dicta-
torship.

The fate of the universities in Germany,
for example, is a terrible warning to the
rest of the world.

THERE is no real danger that any of the
universities represented at the confer-
ence will find themselves being dictated to
by their governments. But all universities
are becoming more and more dependent on
government funds and some governments
may feel that he who pays the piper should
be allowed to call the tune. So far this in-
no case has led to unjustified interference.
In fact the Commonwealth, as a whole, has
been skilful in avoiding this pitfall. The
University of New Zealand, for example,
is almost entirely financed by government
funds, but only four out of the 29 members
of the senate which governs the university
represent the government. In Britain the
public money which is voted to the univer-
sities is distributed by a body called the
University Grants Committee, which has
always been made up of university teachers
and not of civil servants. The conference
had to consider how co-operation between
the state and the universities could be made
even more beneficial than it is at present.

ANOTHER QUESTION of common con-
cern which the delegates to the confer-
ence have taken the opportunity to discuss
is how to increase the exchange of students
and teachers between Commonwealth univer-
sities. On a small scale there have been
regular exchanges ever since Cecil Rhodes
founded his scholarships for Commonwealth
students at Oxford, and in recent years the
traffic has increased in both directions.
Cross-visits of this sort become increasingly
useful as the specialization of knowledge
tends to become more and more pronounced.
Every university inclines to develop such
subjects and faculties which it teaches
better than others.

Oxford, for example, is usually supposed
to be ahead in philosophy and history, Cam-
bridge in science, Edinburgh in medicine,
London in economics, and so on. Yet it is
only by the constant exchange of ideas with
others who are working along the same
lines that a professor can keep up-to-date
with the latest thought.

IT IS NOT ONLY in the universities that
this sort of exchange goes on. Before
World War II there was a scheme by which
teachers from elementary and secondary
schools exchanged posts for a year with
other teachers from equivalent schools in
the Commonwealth countries or the United
States, and though the scheme was inter-
rupted by the war, it is back in full swing
again. Last year there were 63 exchanges
with Canada, 15 with Australia, and eight
with the Union of South Africa, as well as
75 with the United States.

I CAME ACROSS that information in the
report for 1947 by Britain's Ministry of
Education—its first annual report to be
published since 1938. News of this descrip-
tion indicates that education is reverting to
normal after the dislocation of World War
II, but in fact this does not apply to the
present state of popular education in En-
gland and Wales—if "normal" means that
it is the same as it was before the war.
A new Education Act was passed in 1944
by the Coalition Government, as a result of
which the Labor Government last year
raised the school-leaving age from 14 to 15.
This means that nearly 400,000 more chil-
dren will be attending school this year.
It is, of course, a tremendous strain to find
teachers for all of them, although 55
training colleges have been turning them
out as fast as possible.

EVEN MORE DIFFICULT has been the
problem of accommodation. School
buildings were bombed and sometimes
 requisitioned for other purposes during
World War II, and many of them, in any
case, were due for renewal. It is not pos-
sible to build all the schools Britain needs
while she is still so short of houses, and
as a result that invaluable standby, the
"prefab," has been brought into use, even
though this sometimes has to be erected in
the playground.

The teachers deserve all the praise we
can give them for the way in which they
have accepted all these temporary makeshift
arrangements. They have got on with their
job of teaching, and with all the other tasks
which now fall on their shoulders, such as
supervising (and often actually cooking)
the midday meals, which more than half
of the children attending schools in England
and Wales now receive every day, either
free or for the modest charge of fivepence.

THE GOVERNMENT is able to help
education by more ways than handing
out money to the universities or looking
after the schools. It has now become public
information that the government is to buy
the lease of the Royal Opera House, Covent
Garden, London. This does not mean that
we are going to get "state opera," but that
we can now be certain we shall continue
to have opera performances in Britain.

Cloak And Dagger Stuff

As Our Readers See It

ADMIRATION AND THANKS

Through the medium of your
paper my family and I wish to
voice our admiration and thanks
to Sgt. Pierce and the Saanich
police who worked under his di-
rection in the search and recovery
of our dear son from the waters
of Prospect Lake.

A meeting will be called soon,
but all those former Lancashire
and Yorkshire people, who are
good citizens in Victoria, are
asked to send in their names and
addresses to the undersigned.

REG CLARK (Sr.)
2665 Forbes St.

Words seem inadequate to ex-
press our gratitude to them all
for their prompt arrival with all
equipment necessary for life-sav-
ing, and their constant attention
to the work of finding our son.

Saanich residents may well be
proud of such a fine group of
men on their police force.

We also wish to thank the diver,
J. Collins, and his assistants from
the Salvage King, who gave their
time and aid in the search.

F. HENDERSON,
2701 Belmont Avenue.

'LEAGUE OF ROSES'

Efforts are being put forward
in Victoria to get together all
former citizens from the prov-
inces of Lancashire and York-
shire, England, for the purpose
of forming an organization, to
be known as the "League of
Roses."

The provinces of Lancashire
and Yorkshire are known the
world over, and the contribution
of its former and present citizens
have been of great value to the
Empire; therefore the suggested
name is one which those who
become members would be proud
of.

I understand that in 1947 about
\$85,000,000 in U.S. funds went
for complete cars, and about \$65,000,
000 for parts, and that Canadian
cars are 60 to 70 per cent made
in Canada.

CRITICIZES REEVE

The members of the Saanich
Council seem somewhat per-
turbed over the non-passage of
certain by-laws presented to the
ratepayers. It should occur to
them that a good number of
people are annoyed by the at-
titude of some members of the
council and particularly the at-
titude of the reeve, who has
demonstrated his decided parti-
alism on several occasions.

The reeve, it seems, is not in-
terested so much in progress and
improvement as in seeing the
implementation of those by-laws
of which he is more or less the
author. His repeated stand on
the airport issue is a source of
amazement and discouragement
to many people in this municipi-
pality. He has constantly de-
flected this issue and prevented
a satisfactory conclusion being
reached, and were he to take
his responsibilities seriously by
sounding out a cross section of
this municipality, he would see
how wrong is the stand he takes
in so actively supporting the
wishes of a small minority.

H. LANGTON,
3968 Blenkinsop Road.

TAX ON AUTOS

The austerity tax on motor
cars was 25 per cent on the
first \$1,200, 50 per cent on the
next \$800 and 75 per cent on the
remainder of the wholesale price.
And import restrictions still in
effect limit imports to 75 per cent
of a certain period.

I understand that in 1947 about
\$85,000,000 in U.S. funds went
for complete cars, and about \$65,000,
000 for parts, and that Canadian
cars are 60 to 70 per cent made
in Canada.

The graduated tax would save
U.S. dollars if it encouraged
Canadian production, and in view
of the fact that we have deprived
ourselves of essential commodi-
ties in order to conserve dollars
and other measures involving
sacrifices by harassed Canadian
consumers are lauded as though
earning U.S. dollars were a noble
achievement, I can't see why the
austerity tax is removed from
high priced cars which are
largely imported complete.

The tax has now been reduced
to a flat 10 per cent on all cars.
Wouldn't it have been better to
drop the tax entirely on the first
\$1,200 and retain the 50 and
75 per cent on the upper portion?
We will probably have regulated
austerity for a considerable time,
and I think the financial penalti-
es on luxuries should stand as
long as there are quantity restric-
tions, in order to assure fairer
distribution.

JOHN W. GILBERT,
Hanover, Ont.

Plain Talk And Plain Actions

By BURTON S. HEATH From New York

One New Jersey town has ad-
vertised its air raid siren for sale.
That looks as though there still
were optimists in this world. But,
for every one who is so confident,
there are several who take it for
granted there will be another war
soon.

The preparations being made

by us and the British can, of
course, be described as militaristic,
provocative. We know they can,
because the Communists and
fellow travelers are describing
them that way. They can be con-
sidered as preparations for in-
evitable war. We know they can,
because some botheads, and some
who are just plain scared, con-
sider them that way.

Actually, they are neither.
They are sensible, essential, and
very minimum acts of prepared-
ness. They will not cause war.
They are designed to avert war.
They fit into the prescription for
peace offered by the late Theo-
dore Roosevelt: "Speak softly,
and carry a big stick."

We and the British are speak-
ing softly. We are taking from
Moscow a pushing around that
only a patient, peace-loving, self-
confident people could or would
endure. We've waited a long
time, and only now are we turn-
ing to the corner to get out the
big stick.

WE DO NOT ALL WANT, and
dreadfully few of us are
fitted, to be the spiritual head
of 3,200,000 Yorubas. But the
Oni of Ife (who is) is now visit-
ing this country from Nigeria
and practically no one can have
read this news without feeling a
faint pang of envy for a title
so commendable yet so exotic, so
dignified and yet so charming.

Scarcely any of us is legiti-
mately entitled to style himself
"of" anywhere, and scarcely any
of us does not wish that he
were. It is not, to do us justice,
the honorific part of the title
that we pine for, nor the do-
mains in our possession of which
the title would confirm us.

If, for instance, we suddenly
became the Wali of Swat we
should no doubt try to be a
good Wali, and we should cer-
tainly take a paternal interest
in the affairs of Swat, once we
had found out where it was; but
the real source of our pride in
our new status would stem from
the delightful monosyllable "of."
Exactly the same would apply if
you made us the Pir of Pagoda,
the Alafin of Oyo, or the Magli-
clucity of the Reeks.

Actually, they are neither.
They are sensible, essential, and
very minimum acts of prepared-
ness. They will not cause war.
They are designed to avert war.
They fit into the prescription for
peace offered by the late Theo-
dore Roosevelt: "Speak softly,
and carry a big stick."

We and the British are speak-
ing softly. We are taking from
Moscow a pushing around that
only a patient, peace-loving, self-
confident people could or would
endure. We've waited a long
time, and only now are we turn-
ing to the corner to get out the
big stick.

SPEAKING SOFTLY

We're still speaking softly, but
we need now to show Russia—and
also the smaller nations that
need encouragement to resist So-
viet pressure—that our hole card
is an ace. We're not boasting,
and we're not bluffing.

Preparations for defensive war
are disturbing. But they're less
disturbing, to anybody but an
ostrich, than leaving ourselves
wide open for another, and more
disastrous Pearl Harbor.

Global Survey

By DEWITT MACKENZIE

Associated Press News Analyst
IF THE United States isn't finally
awake to the machinations of
Communism it isn't the fault of
a fate which staged the amazing
escape of the Russian school-
teachers from Soviet diplomats in the
heart of New York City.

Conan Doyle never dreamed up
anything more startling than the
case of Mrs. Oksana S. Kosenkina.
But maybe it was necessary to
learn the truths of life by seeing
her hurl herself to grave injury
from the third-story window of
the Soviet Consulate where she
says she was imprisoned.

SHOCKING ASPECT

Perhaps it was necessary also
to witness the drama of Michael
I. Samarin, another Russian
teacher, who fled to asylum with
his family, rather than be re-
turned to the Soviet Union.

The most shocking aspect
of these cases is that Soviet officials
should dare to exhibit such brazen
effrontery in a foreign country.

Britain broke off diplomatic re-
lations with Moscow for less than
this back in the early days of
the Soviet Union. And America
withheld recognition of the Mos-
cow government until 1933 for
smaller sins.

However, the Russians have
been taking advantage of their
Allies' tolerance since the war.
They even have gone to the ex-
tent of carrying out wholesale
spying in Canada, Britain and the
United States, as was brought out
by Canada's exposure of the
great Red spy ring.

The drama of the Russian
schoolteachers is likely to ham-
mer home the stark truth about
Communism as nothing else could
do. It shows to just what des-
perate lengths Communism is
prepared to go, even risking a
rupture of diplomatic relations
with a friendly country.

FIRM STAND

Washington has taken a firm
stand in the case of the Russian
teachers. The State Department
has promised asylum for both of
them if they want to remain in
America, as they are expected
to do. Mrs. Kosenkina is gravely
injured, but the doctors seem to
think she will recover, though it
will take a long time.

Meantime in Moscow American
Ambassador Bebel Smith has de-
nied flatly the Soviet govern-
ment's charge that official
agencies of the United States
were involved in kidnapping at
least one of the teachers. We
don't kidnap them but we cer-
tainly intend to keep them from
being kidnapped on our own
home grounds.

TRULY POPULAR

Winnipeg Free Press
Other parties have succeeded at
one time or another in uniting
this or that section of Canada, or
in partially uniting this or that
class but only the Liberal Party
has succeeded for many years in
being a truly Canadian party,
whose support was drawn from
across the width of the nation,
from every class and every creed.
Today as in 1919 the goal is
unity and today the Liberals are
still the only party which com-
mands support in every province
and in every class.

HELP FROM ABROAD

Toronto Star
If British plans materialize, the
African continent will enter upon
a new era of prosperity in which
its present population of 158,000,
000 will increase rapidly. British
territory of nearly 2,000,000
square miles in Africa will con-
tribute so much to the economic
strength of the United Kingdom
that it may enable weary John
Bull to pass safely through a
super-crisis.

BEAUTIFUL FRECKLES

Windsor Star
First thing we know, the fe-
male of the species will be trying
to cultivate freckles. They are
now regarded as an adornment
which contributes to charm. Most
recent example came with Miss
Florence Ferriam, professional
dancer and daughter of an Irish
railway engineer, being chosen
"Miss Toronto."

It is not news when one of
Irish origin wins a beauty con-
test. Irish girls have ever been
famous for their beauty. It is
something, however, to have
freckles accepted as an enhance-
ment to beauty rather than a de-
traction from it.

SACRED

Edmonton Journal
Protestants, as well as Roman
Catholics, should be interested in
Tim Buck's statement before a
political rally in Quebec that
"the Communist clenched fist
was, to him, what the sign of the
cross was to Roman Catholics;
it is sacred."

The clenched fist is a symbol
of brute force. Those who revere
it as "sacred" reveal themselves
as worshippers of an unholy cult
whose priests are secret police
(and whose testament is terror.)

Monty Visits Cadets

Field Marshal Montgomery takes a thoughtful look at a few of the young cadets of the Oxfordshire Cadet Force, who with darkened faces complete with camouflage, are training at Parkhurst Camp, Tidworth, Eng. The youngsters take their training seriously and received words of encouragement from the field marshal.

Young Burmese Government Tottering Under Strife

By JOHN RODERICK
CAIRO (AP)—The young government of independent Burma is tottering under the weight of an internal fight for power and popular discontent.

During the last 10 days, 42-year-old Premier Thakin Nu has put down an intended revolt within the units of the national army. Persons who know, say the army disaffection is widespread and may embrace a third of the officers and men.

The first hint of the uprising was broken to the public less than a week ago when Sangoon newspapers cautiously revealed 800 men of the 16th battalion of the military police had been surprised in their barracks at Chintong Palace. They were surrounded and disarmed.

The government said they had intended to join a detachment of 70 of their comrades who, the day before, went over to the Communists at Kayan, near Rangoon, and seized the town.

When the revolt began, the government swiftly clamped on a censorship and began disarming other army units whose loyalty was suspected.

Since Burma received its independence from Britain seven months ago there has been a sometimes undignified scramble for power.

Britain is fulfilling its strictly "hands-off" policy. Her troops have been withdrawn with the exception of a detachment of 15 officers and men scheduled to leave shortly, and a small advisory group training the Burmese army.

Rangoon's jails are crowded with political opponents of Thakin Nu's regime, held without trial under section five of the Burmese code which gives general powers to halt threats to the security.

The man behind the political purse is Kyan Nyein, the home minister and founder of the Burmese Socialist Party. More important, he is a 1937 graduate of Rangoon University. The still-youthful members of that class now occupy most of the cabinet seats in the Socialist government.

Their opponents include the Communists, some independents, the People's Volunteer Organization and ambitious army officers.

Communists have been making things hot for the government in outlying areas. Their leader, Than Tun, now is in hiding in the Pyinmana forests, 300 miles from Rangoon.

However, much that is described as Communist activity, in reality is simple banditry which is flourishing in Burma these days.

How long Thakin Nu's government — which undoubtedly is honest, sincere and full of good intentions — can survive, is difficult to say.

I.T.U. Guilty In Demanding Closed Shop In U.S. Plants

WASHINGTON (AP)—A trial examiner for the National Labor Relations Board has found the International Typographical Union guilty of violating the federal Taft-Hartley labor act by insisting on closed shop conditions in the United States newspaper industry. The N.L.R.B. decision was announced Saturday night.

In a case started nine months ago by the American Newspaper Publishers' Association, examiner Arthur Leff recommended the five-man N.L.R.B. order the big A.F.L. union of printers to stop insisting that publishers hire only I.T.U. members.

But he recommended dismissal of certain other charges against the union.

He recommended dismissal of a charge that the union violated the Taft-Hartley provision against "featherbedding"—that is, exacting payments for services not performed.

Leff also found no violation of the law in connection with the union's demands concerning the handling of work from non-union or struck plants, the crossing of picket lines, union jurisdiction over newly invented printing equipment and joint examining boards to determine the competency of job applicants.

He recommended dismissal of a charge that "slowdowns" allegedly engaged in by union printers at Detroit and Chicago violated the labor law.

It will be up to the board to decide whether Leff's recommen-

dations in the country-wide case will be enforced or thrown out. Even after the board acts, the case can be carried into federal courts and may eventually reach the United States Supreme Court.

CHICAGO CASE

Leff issued separate recommendations in a companion case against the I.T.U. and its Local 16 at Chicago. In that case he found both Local 16 and the national union guilty of:

1. Refusing to bargain in good faith with the Chicago Newspaper Publishers' Association.

2. Insisting on closed shops in the composing rooms of five Chicago daily newspapers, where a strike has been in progress since last Nov. 24.

Saturday's actions by Leff mean that trial examiners now have found the I.T.U. has violated the Taft-Hartley Act in five different cases. In none of these cases has the five-man board made a decision or held any hearings.

Perform Plays In Pubs Of London

LONDON (CP) — In 10 years the Taverners Company has produced 75 plays, including many of the classics, for performance in hundreds of public houses. Members say plays in public houses are becoming increasingly popular.

"We have had so many requests from publicans in the Greater London area for next winter that second and third companies may be started," said Henry McCarthy, the Taverners organizer.

"We have just completed a successful run with 'Knight of the Burning Pestle,' performed in more than 30 London and suburban pubs. Our next show will be 'The Taming of the Shrew.'"

IN CASE OF A HEADWIND—Sooner or later, some hat designer was bound to copy Junior's propeller-equipped beanie. Kenneth Hopkins of Beverly Hills, Calif., whipped up this felt job, modeled by the movies' Jeff Donnell. Her five-year-old son, Mike Anderson, gives it his approval.

Didn't Evade Draft, Was Adrift On Raft

WELLINGTON, N.Z. (CP) — Brought before a court here for failure to report for military service in 1942, Frank Miles, 41, said he was unable to do so because at the time he should have reported he was adrift on a raft in the Atlantic.

Evidence showed his ship was sunk under him while serving in the Atlantic at the time he was called for service in New Zealand.

"Technically he did not report, but it is nonsensical that this action should have been against him," said the magistrate in dismissing the case.

Octuplets Found Dead Beside Nile

CAIRO (Reuter) — Birth of octuplets—seven boys and one girl—at Mit Ghamr, an Egyptian town 45 miles north of Cairo, was reported by the Cairo Greek-language newspaper Phos Saturday.

The newspaper said the babies were found dead, but still tied by their umbilical cord, in a sack near the Nile.

They were dark-skinned and measured between six and 10 inches in length, the paper added.

Puerto Rico is the easternmost of the islands of the greater Antilles.

Blue Cross Discontinues

Blue Cross Hospital Service was introduced as a voluntary non-profit plan for providing hospitalization by means of monthly instalment payments.

In view of the fact that the Government of the Province of British Columbia has introduced a compulsory plan effective from January 1, 1949, at rates on which Blue Cross could not continue to render service on the same high standard as before, the Board of Directors of the Associated Hospitals Services of British Columbia has decided that it will discontinue carrying

on business as of December 31, 1948. Blue Cross will pay all hospital bills for its members incurred up to December 31, 1948, after which date the Government Plan will assume payment for hospitalization. Refunds will be made of all premiums paid to Blue Cross for services beyond December 31.

The Directors express great appreciation of the loyal support of the subscribers, their dependents, and management for the co-operation which has made Blue Cross in British Columbia eminently successful during the past five years.

SPARROW HAWKS DESTROY FIELD MICE AND GRASSHOPPERS

Only a few birds have more names than a certain little hawk which is common on this continent. The most popular name seems to be sparrow hawk, but it also is known as the mouse hawk and the grasshopper hawk. Now and then it is called a "killy hawk," because of its cry, "Killy, killy, killy!" Other names include rusty-crowned falcon, American kestrel and short-winged hawk.

The sparrow hawk is the smallest hawk found on this continent. It has a length of about 11 inches and is just a little longer than a common robin.

Pretty colors are found in the feathers of the sparrow hawk. These are mostly reddish brown, but there are white feathers on the breast and parts of the head, and other feathers have a tinge of blue. Dark markings appear on the breast and wings.

Small as it is, the sparrow hawk has a great deal of life and power. It takes a perch on some object, say a dead tree or telephone pole. Then it waits and watches. Suddenly it may spy a mouse or some other small animal, and then it will swoop down to capture it. Many field mice are destroyed by these birds. They also feed on grasshoppers and small lizards.

Sparrow hawks sometimes seize small chickens and carry them away. They do far less of this work, however, than Cooper's hawk, which is known as "the chicken hawk." In general we may say that sparrow hawks are helpful to farmers, because they destroy vast numbers of field mice and grasshoppers.

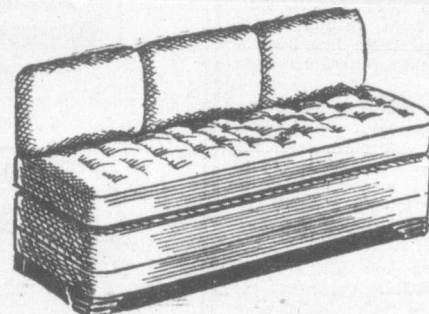

The claws of a sparrow hawk are used when a grasshopper is caught. Sometimes the bird hovers over a field where there are many grasshoppers, sweeping down time and again to gobble them up.

Sparrow hawks make their nests and raise their young in almost every part of this continent east of the Rock Mountains. Some of them nest in Alaska, others in the Yukon area of Canada, still others on the island of Newfoundland. Hollow trees often are chosen as nesting places, but some of these little hawks make their nests in hollows between rocks or in holes made by kingfishers in river banks.

Community Chest Dollars at Work

This is the height of the bathing and swimming season. Unfortunately it is also the drowning season. Not a day passes without word of drowning somewhere. Death by drowning in British Columbia is a fairly common occurrence.

But there would be far more such tragedies if it were not for institutions like the Y.M.C.A. The Y.M.C.A. is one of 19 agencies supported by the Greater Victoria Community Chest. Twelve per cent of the money raised by the Chest in its fall campaign each year goes to the Y.M.C.A. and every cent of it is used to good advantage.

The Victoria "Y" helps to prevent drownings, helps substantially to keep this tragic toll down throughout this community and elsewhere. How, some may ask. Do you realize, Mr. and Mrs. Citizen, that the Y.M.C.A. of this city teaches swimming to literally hundreds of persons in the course of a year? It teaches swimming to people of all ages, from six-year-old boys and girls to persons of middle age and beyond. It teaches swimming even to the blind. Classes from the Canadian National Institute for the Blind go to the "Y" regularly for instruction.

Archie McKinnon, physical instructor at the "Y," who has been serving as coach for the entire Canadian swimming squad at the Olympic Games overseas, is the expert and veritable genius behind all this swimming instruction. He and his assistants turn novices into competent swimmers in a comparatively short space of time.

Isn't this worthwhile, Mr. Citizen? Aren't you proud of your Y.M.C.A. and what it is doing in this one field alone? Don't you feel like continuing to support an institution that is so helping to cut down the death toll at bathing beaches or wherever people take to the water? It needs to be borne in mind, however, that maintaining a modern swimming pool in keeping with present-day health standards is an expensive operation. The low membership fees at the Y.M.C.A. do not begin to cover the costs. Without the assistance it receives from the Community Chest it would not be possible for the "Y" to keep its youth services within the reach of all.

In practically every department of amateur sport the Victoria Y.M.C.A. is making an outstanding contribution. Not only its swimmers, but also its track and field athletes are known across Canada and beyond its borders. It has led all Canadian cities in the number of athletes it has contributed to this year's Olympic Games.

Clean amateur sport aids immeasurably in producing a vigorous, healthy citizenship. The Y.M.C.A. is a great spearhead in this movement in Victoria. Community Chest dollars help to make it so.

The Community Chest dollar is always busy, always helpful!

GREATER VICTORIA
COMMUNITY CHEST
ASSOCIATION.

Animals, Too, Act Whacky Under The Hot Summer Sun

The animals aren't themselves, that's all there is to it. What do you think of that Sacramento, Calif., cocker spaniel, Tiny, the left, who "kittenapped" the kitten on her back when two of her eight pups died? And how about Joe, that duck, top right, who spent all day in Parsons, Kan., running around with his pal Sammy, a cocker spaniel? Then there's the case of the mockingbird, left, who prefers staying inside the Blocker home in New Orleans, La. Walter Blocker, 9, who feeds "Chirp," lets him out every day, but the bird comes right back inside. And, as the last exhibit, consider the baby squirrel, right, who likes to hit the bottle in Schenectady, N.Y. The infant's mother was run down by a truck, but he is thriving on the bottle.

PREHISTORIC BOWLING BALLS?—A highway crew, blasting near Yreka, Calif., discovered these sandstone balls, used by prehistoric inhabitants of the California coast. Science probably has a simpler explanation. Joseph Wales, left, and Eugene Dowling examine them.

Campaign In Alberta Ends; Voters At Polls Tomorrow

EDMONTON (CP)—Alberta will decide tomorrow whether it will have a Social Credit government back for a fourth straight term or whether the legislative reins will be handed to either the Liberals or the C.C.F.

More than 450,000 voters are eligible to cast ballots in what boils down to a three-way race.

For the 11th Alberta Legislature's 57 seats there have been 173 candidates nominated. The Social Credit Party has one in every constituency. The C.C.F. is contesting 51, the Liberals 49, and the Independent movement—official opposition in the last Legislature—nine. There are also three Independent Social Credit candidates, two Labor-Progressives and two Independents.

The government held 51 seats in the recently-dissolved 10th Legislature.

PARTIES' ARGUMENTS

The Social Credit campaign has stressed the government's administrative record. The Liberals have urged better roads, higher old age pensions and a patronage-free civil service. The C.C.F. has argued for socialization of natural resources development and free medical services.

Radio campaign of all three wound up Saturday. Sunday, Liberal leader Harper Prowse made his last appeal for support at a Liberal picnic attended by 700 persons.

Tonight Premier Manning will address a rally winding up the Social Credit campaign. Climax of the C.C.F. drive was reached last week when provincial leader Elmer E. Roper teamed with national leader M. J. Coldwell to address 1,200 supporters—the campaign's largest audience.

Mr. Prowse, 35-year-old leader of Alberta's resurgent Liberal Party and Sunday's only major speaker, said Premier Manning's government had "frittered away" the Social Credit policies it inherited from the late William Aberhart.

Social Credit had held power 13 years under "false pretences" and had failed to keep any promises, Mr. Prowse charged.

PLEBISCITE ON POWER

Public ownership of electric power, a major election issue, is subject of a plebiscite to be submitted tomorrow.

The government is asking the taxpayers to say whether they wish Alberta's electric power to continue being developed and distributed by private companies, or to be handled by the Alberta government Power Commission.

The C.C.F. has said it would socialize the industry and extend it to rural areas. The government has taken no position, but Premier Manning has offered arguments for and against both public and private ownership.

Polling will begin through the province at 9 a.m. M.S.T. and continue until 6 p.m. in the rural constituencies and 7 p.m. in the cities—Calgary, Edmonton, Medicine Hat and Lethbridge.

100,000 At Shrine Near Three Rivers

THREE RIVERS, Que. (CP)—A record crowd of 100,000 pilgrims flocked to the Shrine of Our Lady of the Cape at nearby Cap de la Madeleine Sunday to celebrate its 60th anniversary.

Special trains arrived continuously throughout the morning. A group of 115 came from Chicago, as well as other groups from St. Boniface, Man., and Lowell, Mass.

Mrs. Edith Daley came all the way from Prince Rupert, B.C., to make the pilgrimage in fulfillment of a vow.

Many pilgrims were on hand at dawn for the first mass, and some 30,000 of them took part in a spectacular torchlight procession Sunday night.

The female bumble bee builds her nest in cavities among stones, lining the sides with moss.

6 Feared Dead, 137 Injured In Blast-Fire In Downtown Reno

RENO, Nev. (AP)—Fire and explosion killed five—possibly six—men Sunday and caused injuries to 137 persons—many in the trampling of panic-stricken spectators pushing away from the sudden blast.

Five bodies were taken from the smoldering ruins of the Commercial Building in the old business district where fire broke out in mid-morning. A sixth man is missing and believed dead.

What caused the fire and the explosion was not determined. The blaze itself was a relatively minor one, but the blast blew out a wall of the Commercial Building housing shops, a cafe and rooming house. It hurled a slot machine across the street.

People fought to get clear. Many were trampled underfoot. Broken glass and smoking debris showered the crowd of several hundred. Many were gashed on their backs and necks as they turned to flee.

"There was ample warning of an explosion," said John Sanford, city editor of the Reno Gazette. "Policemen tried to hold back the crowds that pushed to the very edge of the fire."

The identified dead were Fire Chief Frank Hobson of nearby Sparks; Earl B. Platt, Reno fireman; Bill Byron, a laborer, and Domingo Galli, 28, of Reno, volunteer rescue worker.

Another victim was identified tentatively as Glenn Davis, Reno fireman.

Vlad Ratay, superintendent of Washoe hospital, reported 115 persons were treated after the blast occurred in the wooden and brick building. Fifteen others were treated at St. Mary's hospital and another seven were sent to the Veterans' hospital.

Bridal Pair Now On Up-Island Honeymoon

Mr. and Mrs. James Gilmour McKeachie, following their wedding Saturday evening in First United Church.

One of the season's most attractive weddings was that which united Velma Joyce Morley, daughter of Mr. and Mrs. J. G. Morley of Shawnigan Lake and Mr. James Gilmour McKeachie, 1254 Oxford Street, Victoria, at First United Church Saturday evening.

Soft shades of gladioli and sword fern decorated the church and pew markers were of miniature sweet peas and gypsophila. Dr. W. G. Wilson of First United read the marriage service for the well-known young couple, both of whom served in the R.C.A.F., the bride with the women's division during the war. Both are graduates of the University of British Columbia.

Given in marriage by her

father, the bride wore an ivory satin redingote-style gown with a lace-trimmed bodice and a lace-trimmed skirt. A large pearl coronet held the hand-embroidered full-length veil. Carrying a cascade bouquet of white gladioli, dark red roses and larkspur, the bride wore as her only jewelry, an onyx and pearl pendant which had been worn by her mother at her wedding.

Miss Irene Morley, was her sister's maid of honor in a gown of green tulle. The bride's cousin, Mrs. Gordon McMillan of Vancouver was matron of honor in an identical gown of tulle. Both wore matching gloves and dutch caps. The maid of honor carried a cascade bouquet of yellow and mauve

gladioli and Talisman roses with the yellow note predominating and the bridesmaid a similar bouquet with the mauve gladioli predominating.

The bride's small cousin, Heather Morley, and the groom's niece, Sandra Anne McKeachie, were flower girls in mauve tulle frocks with bandeaux of violets. They carried small cascade bouquets of mauve and yellow gladioli and violets.

Mr. Stanley J. Peden was groomsmen while Messrs. Alex Ian and Tommy McKeachie, brothers of the groom, and Kenneth Morley, brother of the bride, were ushers. During the signing of the register, Mrs. W. Highet sang "I'll Walk Beside You."

A reception followed at Cherrybank Hotel, where Mrs. Morley, in a gown of grey crepe and Mrs. McKeachie in navy crepe trimmed with soft pink and both wearing gladioli corsage bouquets, assisted the young couple to receive the guests.

Mr. Alfred Whan proposed the toast to the bride and groom and Mr. Peden proposed the toast to the bridesmaid. A three-tiered wedding cake surrounded by pink tulle and carnations centred the bride's table.

For their honeymoon up-Island, the bride donned a beige gabardine suit with gabardine topcoat of hunter's green. Her accessories were of cocotopie and hunter's green and her flowers, a corsage bouquet of gardenias.

Victoria Purple Star Lodge, No. 104, L.O.B.A. tea, home of Mrs. P. W. Wilson, 1937 Crescent Road, Wednesday, Mrs. I. Burt and Mrs. H. Anderson assisting.

Personal Notes

Mr. and Mrs. Jack Charlesworth of Edmonton are guests of the former's parents, Mr. and Mrs. L. C. Charlesworth.

Mr. Ian May, son of Mr. and Mrs. Gerald May, West Saanich Road, has returned to the city following several month's visit in New Zealand.

Mr. and Mrs. Arthur Jebb of Sproat Lake left Victoria by plane Saturday night to spend two months visiting relatives in Shropshire, England.

Mr. and Mrs. Ronald Whiteley and their baby son, Christopher John, of Manhattan, Kansas, are visiting Mrs. Whiteley's parents, Mr. and Mrs. Albert Sullivan, Richardson Street.

Mr. and Mrs. T. C. Young of Portland, Ore., and Mrs. Anne Bingham of Summerland, were among out-of-town guests at the McKeachie-Morley wedding Saturday night. Mr. and Mrs. Young are guests at the Empress Hotel.

Miss Helen Peaker has arrived in Victoria by air from New York, where she is on the staff of the Australian delegation to the United Nations, to spend a month visiting with her parents, Mr. and Mrs. George H. Peaker, Cedar Hill Road, Gordon Head.

In the city for a few weeks are Bishop William P. Remington and Mrs. Remington of Philadelphia, who are staying at 905 Pemberton Road. Bishop Remington will preach at Christ Church Cathedral next Sunday morning.

Miss Phyllis Mugford, daughter of Mrs. D. J. Mugford of Monterey Avenue, left Patricia Bay by plane on the week-end for Montreal where she will be the guest of Miss Enid Brown. Miss Mugford plans to spend three weeks in the east and will visit in Massachusetts before returning home.

Out-of-town guests at the Williams-Jones wedding Saturday night were Mrs. M. Owen of Olds, Alta., a great-aunt of the bride; Mr. and Mrs. T. Johnston and family of Mundare, Alta.; Mr. and Mrs. Jay Strang and family of Powell River; Mr. and Mrs. E. Jones and Marcia of Nanaimo and Miss Elsie Gibson of Edmonton.

Guests from Vancouver attending the marriage of Miss Maureen Stuart Yates to Mr. Henry John Duffus, which took place today, include Mrs. Nenagh Richardson, Mr. and Mrs. M. D. Morrison, Mrs. Lois Adams, Miss Elaine Lettermann, Mr. Norman Campbell. Also attending were Dr. and Mrs. J. W. S. Morrison from Nanaimo.

Gordon William and Patricia Elizabeth were the names bestowed upon the four and a half months old twins of Mr. and Mrs. Gordon James Gray, 1124 Pembroke Street, at a christening ceremony which took place Sunday at St. Andrew's Presbyterian Church. Rev. Clarence Kircher, D.D., officiated. Mr. and Mrs. William Gray, grandparents, came from Ottawa to attend the ceremony.

Miss K. Lockley, Esquimalt Road, left Saturday evening for an extended visit in eastern Canada. En route to Ontario, Miss Lockley will visit friends in Vancouver and while in Toronto will be the guest of Miss Kip Oldfield. Miss Lockley also plans to visit her sister and brother-in-law, Mr. and Mrs. H. Norman of Centralia, Ont., before going on to London, Ont. Prior to her departure, Miss Lockley was on the staff of the Bank of Montreal and was also a popular member of the Victoria Girls' Drill Team for two years.

Mrs. B. Acreman and Mrs. H. Deane entertained at a miscellaneous shower in honor of their niece and cousin, respectively, Miss Chrissie Stevenson, Thursday night, at the Stanley Avenue home of Mrs. Acreman. Bride-elect, Miss Stevenson, her mother, Mrs. A. L. Stevenson, and mother of the groom-elect, Mrs. W. Fulton, were presented with corsage bouquets. The reception room was decorated as a bakery counter in compliment to the bride-to-be, with the counter displaying bread and buns and a decorated cake. Gifts were placed in cake boxes and paper bags, with Miss Marion Stevenson, dressed as a bakery clerk, presenting gifts to the honor guest. Refreshments were served from a table decorated with green and white streamers and centred with a large bowl of mid-summer flowers in yellow and orange tones. Green tapers flanked the table from which Mrs. T. R. Handsyde and Mrs. Stevenson poured tea. Guests were, Mesdames A. E. Cookman, D. E. Rigg, T. Stevenson, C. Maclean, R. Dumbleton, T. H. Horne, E. Bennett, W. Stevenson, A. H. Jones, J. S. Phillion, A. D. Stevenson, W. Jamieson, Mrs. J. Stevenson, and the Misses Mary Stevenson and Agnes Carmichael.

Rev. and Mrs. G. R. Easter, with Jean and Jack, are visiting in Berkeley. Before they return to the city, they will visit Los Angeles and Mexico. During his absence, Rev. Easter's pulpit is being filled by Dr. Kenneth Wallace of Berkeley in an exchange arrangement.

Miss June Day, daughter of Mr. and Mrs. Eric Day, 1140 Vista Heights, is in Vancouver, where she will dance in the Vancouver Exhibition shows, which are being held under the direction of Miss Aida Broadbent, noted U.S. dance director. Miss Day was accompanied to the mainland by Miss Donnie Rix, who is also taking part in the shows.

Miss Sylvia Irene Day entertained at her home, 3145 Quadra Street, at a farewell party for Mrs. Rosamond Stern. Co-employees of the Hudson's Bay Company office presented the honor guest with a pair of pheasant plaques. A buffet supper was served from a table decorated in pink and mauve. Guests were Mrs. D. Bolley, Mrs. D. Windwood, Mrs. G. E. Day, Misses M. Guy, I. Wood, B. Outtrim, J. Oyler, E. Rodgers and C. Day.

Red and white flowers decorated the home of Mrs. Gilbert L. Brown, 3920 Cedar Hill Road, when she entertained at a miscellaneous shower Friday for bride-elect, Miss Sylvia Petch. The honor guest and her mother, Mrs. Arthur Petch, were presented with corsage bouquets of red and white carnations. Gifts were placed beneath a decorated watering can, repeating the red and white motif. Guests were Mesdames E. Reid, H. Dawson, H. Youson, K. Rix, W. Lewis, J. N. Findlay, W. McFadden, J. Slade Stevens, and Misses Louise Michaux, Dorothy Roberts and Willa Reid.

Mrs. F. D. Campbell, the former Nina Muir, a recent bride, was honored at a miscellaneous shower given by Mrs. George Davies of Seattle, Miss Kay Simpson and Mrs. J. Cameron, at the home of Mrs. Cameron on Forshaw Road. The fireplace, banked with cosmos, sweet peas and ferns, provided background for the gift container, a decorated fire basket. A low bowl of shot silk roses centred the tea table which was covered with a filmy lace cloth. Mrs. Campbell was presented with a corsage bouquet of pink carnations. Guests were: Mesdames S. J. Drake, W. H. G. Firth, I. Crichton, R. Armstrong, and the Misses M. Clarke, H. Jeffery, K. Jaffray, K. Johnson, S. Beecroft, M. Mitchell, W. Scovcroft, N. Snowcroft, M. E. Livingston and W. Thorne of Vancouver.

Aged Women's Home Fete Successful

Blue skies and a warm summer sun attracted many people to the garden party given by the Beta Sigma Phi Sorority Saturday afternoon in the Collinson Street grounds of the Aged Ladies' Home.

Mrs. T. Hammond introduced Mrs. R. Jameson, president of the Aged Ladies' Home Committee, who declared the fete open.

Specially invited guests included Mrs. Nancy Hodges, M.L.A.; Miss Anne Fountain, director of the Delta Chapter, Vancouver, and Mrs. T. H. Johns, social sponsor of the chapter.

Stalls of hand needlework, novelties and knitted articles did a thriving business in charge of Mesdames R. Jameson, E. Heddie, M. Potter, E. Sheppard, and I. Royal, while superfluties were sold by Mrs. A. Holmes.

Guests and the elderly ladies of the home enjoyed afternoon tea which was served at small tables on the lawn, by members of the Sorority Chapter.

Four hundred dollars was realized from the affair, which was under the general convener'ship of Miss Audrey Joyce. Proceeds will be used in aid of the institution.

\$160 Realized At Garden Party

Historic old Craigflower School was the locale of the garden party held Saturday afternoon by members of the Native Daughters, Post No. 3, when \$160 was realized.

Receiving guests were Mrs. C. W. Davies, Chief Factor, and Mrs. J. W. King, general convener.

Afternoon tea was served at small tables set in the shade of huge maple trees.

Of interest were the stalls of needlecraft, featuring colorful aprons, tea-towels and fancy-worked cloths, in charge of Mrs. D. Currie. Home-cooking stall with its display of cakes and cookies, jams and jellies, also proved popular with Mrs. J. A. Lorimer convener, assisted by Miss Margery Gillies. Mrs. E. Corbett and Miss Virginia Manca managed the sale of candy.

Mrs. Nellie Wight, tea convener, was assisted by Mrs. A. Kinsman, Mrs. H. Cruickshank and Miss Bessie Riddle. Other committee members were Misses Margaret Andrews, Winnie Fletcher and Jean Lorimer.

Highlighting the afternoon was a special tour of the old school-house.

Liberal Women's Forum, picnic, Tuesday, Langford home of Mrs. N. Bertucci, bus at 11.

Celebrate 50th Wedding Anniversary

Honored recently by friends and relatives in St. Mark's Hall, Edmonton, on the occasion of their golden wedding, Mr. and Mrs. F. W. Lench have returned to their Victoria home, 1632 Myrtle Avenue.

The couple, who made their home in the prairie city for 30 years prior to coming to Victoria in 1911, traveled to Edmonton especially for the occasion and were guests of their daughter and son-in-law, Mr. and Mrs. T. Whitaker.

A mock wedding ceremony highlighted the anniversary party with Mr. Harry Bromley, a long-time friend of the guests of

honor, proposing a toast. Mr. and Mrs. Lench came to Canada from London, England, in 1911, making their home at Edmonton, where Mr. Lench followed his profession as an engineer until his retirement in 1941.

There are five children, nine grandchildren and three great-grandchildren. One daughter, Mrs. R. Tomlinson, lives in Saanich, and one son, S. R. Lench, in Victoria.

W.A. to Sooke Branch, Canadian Legion, garden party, Wednesday at 2.30 at "Ravenna," home of Mr. and Mrs. H. C. Gates; needlework, home-cooking stalls, refreshments.

St. Mary's Church Scene Of Wedding

Achdeacon A. E. de L. Nunns read the marriage service for May Isabella Kirk, daughter of Mr. and Mrs. C. H. Kirk, 1322 Galdstone Avenue, and Roy Charles Teasdale, 1060 Hampshire Road, Saturday evening in St. Mary's Church, Oak Bay.

All white gladioli were arranged on the church altar, with standard baskets at the chancel rail.

Given in marriage by her father, the bride wore an afternoon dress of white silk crepe, with draped bodice, and full skirt of unpressed pleats. To complete her wedding ensemble she wore a white crownless picture hat, white lace mitts and carried a bouquet of red roses and white carnations.

Mrs. Cyril Webster was her sister-in-law's only attendant, gowned in a delectable blue draped street-length model, with matching blue hat with cerise trim. Her colonial bouquet was of matching sweet peas.

Mr. Michael Jennings was best man. Nuptial music was played by L. R. Myers.

Owing to a recent bereavement in the bride's family a reception for relatives and close friends was held at the home of the groom, where mothers of the bride and groom assisted in receiving guests. Mr. Gordon Harris proposed the toast to the bride.

A three-tiered wedding cake, surrounded by tulle and baby white chrysanthemums, flanked by white tapers in silver holders centred the bride's table. For a motor trip up-island, the bride donned a wine ballerina suit with grey accessories. On their return the young couple will reside at 25 Cambridge Street.

Member Of Pioneer Family Married

A wedding of importance was solemnized Saturday evening at 8 o'clock when a member of one of Victoria's pioneer families, Miss Effie Katherine Hughes, became the bride of William Donald Evans.

The bride is the only daughter of Capt. and Mrs. H. S. Hughes, and granddaughter of the late Mr. and Mrs. William Thomson, pioneer residents of Saanich Peninsula. Her groom is the son of Mrs. Dorothy Evans, New Westminster.

Historical St. Stephens Church, Mt. Newton Crossroad, the site of which was donated by the bride's grandparents, was the scene of the ceremony, performed by Archdeacon W. C. Western.

Fragile illusion net fashioned the brides fingertip veil, held to her head with a crown of double white larkspur and sweetheart roses. Her gown of embroidered Swiss organdy was styled with square neckline, tiny cap sleeves and bouffant skirt. Larkspur and sweetheart roses were repeated in her bouquet. Capt. Hughes gave his daughter in marriage.

Embroidered Swiss organdy created frocks for the quartette of attendants.

Miss Barbara Atkins was gowned in palest orchid, for her role as honor maid. Identical pastel-hued frocks were worn by cousins of the bride, Misses Marilyn Bissett, Hilary Castle and Jean Dorman. They wore crowns of gladioli tips in their hair and carried colonial bouquets.

FO. John Evans attended the groom as best man. During the signing of the register Mrs. J. C. Butterfield presided at the organ.

The bridal party was piped from the church by Dr. Ronald Scott-Moncrief.

A reception followed at "Ban-nockburn," Mt. Newton, home of the bride's parents. Toast to the newlyweds was given by R. F. Castle.

Mr. and Mrs. Evans will motor

Former Padre Reads Nuptials

Padre of the groom's company overseas, Rev. R. F. Filer of Vancouver, came to Victoria to read the marriage service for Mary Leone Carlyle, daughter of Mr. and Mrs. W. E. Carlyle of Campbell River, V.I., and Maurice Joseph Butler, son of W. S. Butler, Saanich, at a pretty mid-August wedding in Belmont United Church, Saturday night.

Given in marriage by her father, the bride wore a white slipper satin gown with traditional sweetheart neckline, lily point sleeves and fitted bodice. Her floor-length veil and net halo were trimmed with orange blossoms and in her shower bouquet were red roses, white carnations and swainsons.

Twin sister of the bride, Miss Dorothy Carlyle of Vancouver, was maid of honor in a gown of mauve taffeta with net skirt, while Miss Kay Brandon as bridesmaid wore lemon yellow nylon with ruffled neckline and fitted bodice. Both attendants wore matching mitts and coronets with shoulder length veils and carried arm bouquets of gladioli and sweetpeas.

The church was decorated with baskets of summer flowers.

Mr. Clarence Butler was his brother's groomsman while Mr. Burnard Carlyle, brother of the bride, was usher. Mr. Fred Wright, organist, provided the background of nuptial music for the ceremony.

A reception for members of the immediate family and friends was held at the Old England Guest House when Mrs. W. E. Carlyle, mother of the bride, and Mrs. J. Crossley, sister of the groom, assisted the young couple in receiving guests. Mr. George Foster proposed the toast to the bride.

A three-tiered wedding cake which was decorated by Mrs. A. Foster centred the table and was flanked by candles and vases of red rosebuds.

For their honeymoon up-island the bride donned a dusty blue gabardine suit, pearl grey top coat with navy blue and grey accessories. Her corsage bouquet was of gardenia and swainsons. The young couple will reside at Sooke until September, when they will move to Vancouver, where the groom will resume his studies at U.B.C.

South on their honeymoon. For her traveling ensemble, the bride wore a spice brown and blue whipcord suit, smart with mink furs, accessories in matching brown and orchids on corsage.

Well-Known Families Linked In Attractive Afternoon Rites

At 2.30 this afternoon members of two well-known Victoria and Vancouver families repeated nuptial vows before Archdeacon A. E. de L. Nunns in the presence of immediate relatives in the Chapel of St. Mary's Church.

The bride is Miss Maureen Stuart Yates, eldest daughter of Mr. and Mrs. R. S. Stuart Yates, granddaughter of the late James Stuart Yates, pioneer lawyer in Victoria, and Mrs. Yates, and great-granddaughter of the late James Yates, who came to Victoria nearly 100 years ago.

Parents of the groom, Henry John Duffus, are Mr. and Mrs. H. C. Duffus of West Point Grey, Vancouver.

All-white floral decorations created the setting for the bride in her white crepe gown, softly draped in Grecian mode, and beautiful in its simplicity. Miss Yates, given in marriage by her father, chose a necklace of sapphires and diamonds to complement her ensemble. Fragrant gardenias and showers of stephanotis marked her ivory prayer book.

Blossom pink picture gowns, ballerina length, of embossed

Newlyweds Motor In Washington On Honeymoon

Now on a honeymoon in which they will motor through Washington, Idaho and the interior of British Columbia before their return to Victoria are, John Herbert Williams, and his bride, the former Sydney Eluned Jones, who were married Saturday evening in First United Church.

Rev. R. S. Christie of United Church, Pokoka, Alberta, assisted by Rev. T. E. Jeffries performed the nuptial rites for the daughter of Robert H. Jones of Pokoka and the son of Mr. and Mrs. H. L. Williams, 3661 Quadra Street, Victoria.

Given in marriage by her father, the bride chose white satin for her bridal gown, which featured a draped skirt, peplum back and an off-shoulder neckline on nylon net yoke. Her finger-tip veil was caught with a beaded coronet. Her only jewelry was a gold bracelet, gift of the bride's father to her mother, on their wedding day. A shower bouquet of white gladioli and red roses completed the bridal ensemble.

Bridesmaids Ethel Gibson of Edmonton, and Lorna Johnson, niece of the groom, from Mundare, Alberta, wore pastel gowns of nylon taffeta in turquoise and pink respectively, and carried bouquets of white and pink gladioli and carnations. Marcia Jones of Nanaimo, was flower girl in a gown of white taffeta. She carried a colonial bouquet of pink roses and carnations.

Mr. Jay Strang, brother-in-law of the groom, of Powell River, was best man while ushers were Elfin Jones of Nanaimo and James Mainbury of Victoria.

Tall baskets of gladioli in pastel colors decorated the church. During the signing of the register, Miss Dorothy Kenward sang "I'll Walk Beside You."

Following the wedding, a reception was held at the Oak Bay Beach Hotel where Mrs. R. Jones, a friend of the bride and the groom's mother, assisted the young couple in receiving the guests.

A three-tiered wedding cake flanked with flowers and candles centred the bride's table. For traveling, the bride donned a cherry red gabardine suit with grey accessories.

marquise were worn by Misses Beverly and Denise Stuart Yates, attendants for their sister. They wore wide-brimmed hats of matching mohair, and carried fan bouquets of orchid-toned flowers.

Ned Larsen came from Vancouver to act as best man. Immediately following the ceremony, friends attended an attractive garden reception at "Hedgehog," the home of the bride's parents, on Lansdowne Road.

Mrs. Stuart Yates, wearing a slate blue floor-length gown of faconne crepe and burgundy accessories, and Mrs. Duffus, in a gown of poudre blue lace, assisted the couple in receiving. Toast to the bride was proposed by Ernest C. McIntyre. The bride's table was covered with a Maltese lace cloth, and centred with the decorated wedding cake.

A home in Ottawa will await Mr. and Mrs. Duffus following their wedding trip to Quebec City and Montreal. For her traveling ensemble Mrs. Duffus chose a three-piece costume of spruce green gabardine with accessories to match.

Names Bestowed In Triple Baptism

More than 250 Greek-Canadians and guests from the mainland and Washington were present Sunday evening at Club Sirocco as three young Victorians received baptismal rites of the Greek Orthodox Church.

Katherine Joan, daughter of Mr. and Mrs. John Alexis; Basil, son of Mr. and Mrs. Pete Rapanos; and George Nicholas, son of Mr. and Mrs. George Doulis were joined in the church of their parents' native homeland in a colorful, hour-long ceremony.

Officiating was Rev. Georgacopoulos of the Vancouver Orthodox Church, and more recently of Greece.

Flowers decorated the hall as Rev. Georgacopoulos repeated in Greek the ancient rites of the church. Following the religious ceremony, guests and visitors banqueted and folk-danced in traditional custom.

Attending the unique ceremony were: Mr. and Mrs. Tom Lat-soudes and Miss Vivian Lat-soudes, and Mrs. C. Pritsos, Vancouver; Mr. Nick Margell, Seattle; Mr. and Mrs. Nick Kogos, Mr. and Mrs. Pete Milos and Miss Katherine Mirras, Vancouver.

Cravat was the name given by the French in the reign of Louis XIV to the scarf worn by the Croatian soldiers.

Post Office Jobs Opened To Women

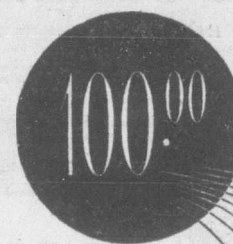

LONDON (CP)—A post no woman is allowed to fill, at least for the next five years, is that of court postmaster responsible for handling all the Royal Family's mail.

Talks about what posts shall be open to women have been

going on between the Union of Post Office Workers and government officials.

Women have had a victory on the medical side—a woman can now become chief medical officer to the post office. Controllers' position and a number of other important ranks in the London postal service are also open to them.

BERLINERS INSULATE FOR WINTER WITH AIRPORT—Getting ready for winter in Berlin means building a new landing field. The already overtaxed airports—Tempelhof and Gatow—may be insufficient in winter, when the Allies' air lift over the Soviet blockade will have to haul much more supplies to keep Berliners warm. With German trucks, men and women laborers begin work on a new field in the French sector.

Death, Escapes Leave Few Prisoners On Devil's Island

GEORGETOWN, British Guiana (CP)—Devil's Island, one of the world's most-dreaded prisons, is fading into oblivion.

And there are 74 ex-convicts in this colony today who hope that its name will pass forever from the lips of men. The ex-convicts—or liberes, as they are called—braved nightmarish journeys through thick forests and shark-infested waters to escape the cruel penal institution at St. Laurent du Maroni, in French Guiana, 300 miles down the coast.

NO MORE SENT

In 1938 France stopped sending offenders to the hated camps, and in the intervening nine years wholesale death and periodic successful escapes have practically depopulated the prison island.

Scarcely a month passed that an exhausted and starving boatload or two did not stagger ashore here. Twenty-six lived to see freedom in 1946, bringing the total

number of Isle du Diable veterans here to 120.

In British Guiana they are allowed to work and live as normal human beings.

This year only two fugitives arrived, both nearly dead from exposure. They had been held in the most notorious part of the prison, that reserved for political prisoners.

Strong in the movement to eliminate the prison, described as a "ghastly blot on civilization," has been the Salvation Army and it had the co-operation of the French government during the last few years.

No one can say exactly how many liberes have passed through British Guiana.

Government officials say most of them are law-abiding and useful settlers. Some follow the crafts they learned in confinement and sell their products to visitors. Others work in mines in the interior.

Ore Discovery Suggests Canada At Dawn Of Industrial Greatness

By Canadian Press
Announcement of the discovery of titanium ore in eastern Quebec is the latest illustration of why many believe Canada is just at the dawn of her industrial greatness.

From Labrador to the Yukon her frontiers are being pushed back in the search for minerals at a pace which would have been difficult to envisage a few

years ago. And it is being accompanied by expansion of her means of production in figures that but recently would have sounded astronomical.

Watching this, observers ask if there are forces that will keep Canada's prosperity growing beyond the bounds of a postwar boom. Whether she is becoming the storehouse for the continent in raw materials and becoming peculiarly fitted to meet the requirements of a needy world.

Many think the answer is in the affirmative in all cases, unless the trade of the world dries up.

The titanium ore, from which a metal for high-grade alloys and pigments for paints are refined, is expected to lead to an ultimate development expenditure of \$150,000,000.

SALES UP

The Bureau of Statistics reports department sales up in July over July of last year. For all Canada 9 per cent; Maritimes 22 per cent; Quebec and Ontario 3; Manitoba 9; Saskatchewan and Alberta 23; and British Columbia 15.

INFLATION NOTE

If the price of meat is up today, give a thought to China, where the government ordered wages to be nearly doubled, where workers find it not enough, and where employers fear they can't get enough bales of currency to meet their mid-month payrolls. It takes about 6,000,000 Chinese dollars to equal one Canadian. That is inflation run amok.

MARKETS SATURDAY

Chicago grains made minor gains Saturday, but Winnipeg was easier. Security exchanges were closed.

3,000 Human Skulls For London Museum

LONDON (CP)—Nearly 3,000 human skulls from many parts of the world have been presented to the Natural History Museum, South Kensington, by the president and council of the Royal College of Surgeons.

Hampshire county council presented the Cotton collection of British birds, formed in the 1880's and consisting of about 200 exhibition cases.

Capt. N. B. Blood has presented a male specimen of the ribbon-tail bird of paradise in full plumage. The bird was not previously represented in the museum.

Rabbi Sees Future For Jews In Empire

LONDON (CP)—There is no conflict between British ways and the ways of the Jewish community, Rabbi Israel Brodie said in a sermon when he was installed as Chief Rabbi of the United Hebrew Congregations of the British Commonwealth and Empire.

"You and I must believe that the community through the Commonwealth and Empire is yet destined for still greater things in the service of Israel and mankind," he said.

"We must not be dejected or indulge in self-pity or bitterness because there are elements in this country whose behavior is repugnant to the British tradition of freedom and fair play."

Rabbi Brodie succeeded the late Very Rev. J. H. Hertz.

PRUDHOE, Northumberland—An 800-year-old castle and all medieval inconvenience is to be let for £50 (\$200) yearly. A Norman relic that barred the way to

a Scottish king when he invaded England in 1774, the castle has only one snag. There's a £800 (\$3,200) premium to pay before the tenant can move in.

YARMOUTH, Isel of Wight—Coxswain S. Smith took out the Yarmouth lifeboat to bring in a weather-battered launch. He saved his two sons.

GOVERNMENT ST.—At View Next to Churchill Hotel

Koreans Noisily But Peacefully Celebrate Birth Of Republic

SEOUL, Korea (CP)—South Koreans noisily but peacefully celebrated the birth of the republic of Korea Sunday with a rash of parades.

Most formal was the march of 10,000 constabulary and 1,000 coast guards.

Symbolically, the constabulary ripped off their insignia—thus proclaiming themselves an army—while coast guardsmen wore for the first time the new emblem of the Korean navy.

NUMEROUS PARADES

Many civilian organizations also paraded and there were countless informal processions of cheering citizens.

No incidents were reported despite the radio threats from the north Korean regime, which bitterly opposes the new republic.

At the inaugural ceremony attended by Gen. MacArthur, Allied Supreme Commander in Japan, and Dr. Ruffini Luna,

chairman of the United Nations temporary commission, the Korean flag was hoisted in the capitol grounds.

Later Dr. Luna gave de facto recognition to the new state, saying the commission had decided to "enter into consultations with the Korean government."

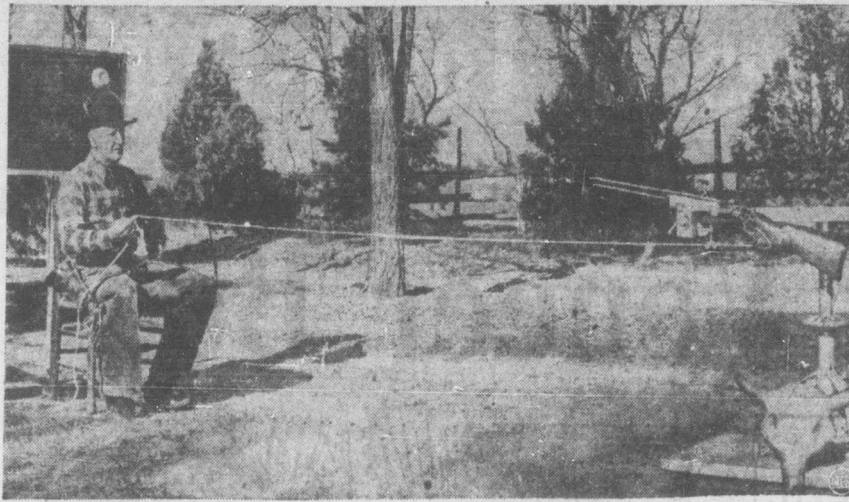

MacArthur said "the barrier between north and south Korea" is "one of the great tragedies of contemporary history."

This barrier "must and will be torn down," he said. "Nothing shall prevent the ultimate unity of your people as free men of free nations."

President Singman Rhee in his inaugural address said the Korean republic would first appeal to the people of the Soviet Republics to bring about a union of all Korea. It would then appeal to world conscience that no country, however powerful should be allowed to occupy the territory of its weak neighbor.

The government of South Korea was formed after the general election in May and received United States de facto recognition last Friday.

Russian-occupied northern Korea has its own government.

'ONE FALSE MOVE, AND I'LL DRILL—MYSELF'—Jack Webb, Ponca City, Okla., rancher, used to amaze rodeo fans with trick riding and shooting. He's retired, but he keeps his eye in with this stunt. His pet rifle is clamped to a converted typewriter stand, and a target is fastened to his hat. Then, a long string, careful sighting and—boom—that's all there is to it!

investigators have become the victims of the disease which they were investigating. Lazear, Adrian Stokes and Noguchi died of yellow fever, Ricketts of typhus and Dutton of trypanosomiasis, to use a few examples.

INVENTIVE PATIENT

The patient who suggests methods of treatment to his doctor is not always popular and is apt to be a nuisance. Nevertheless, a few such patients have

contributed real advance in medicine. A good example is Isambard Brunel, a distinguished engineer. In 1843 Brunel accidentally inhaled a coin.

Attempts to remove the coin failed on several occasions, but some six weeks after the accident, Brunel supervised the construction of a table which could be moved into the upright position. He had himself strapped to this table, turned upside down and shaken. After a few coughs

Brunel heard what he called the delightful music of the coin clinking against his teeth.

Question: Do carrots strengthen the eyes? If so, are cooked or raw raw carrots better?—M.B.

Answer: Carrots contain a vitamin known as carotene. This vitamin has some effect on the ability of the eyes to see in dim light. It does not, however, strengthen the eyes as such. Cooking carrots destroys some of the carotene.

ST. ALBANS, Hertfordshire—Saying that St. Albans city council was "tempting people away from God," Rev. W. Bryan Brown protested against Sunday concerts. He claimed they clashed with church services.

Big Increase In Mental Patients Said Not Alarming

OTTAWA (CP)—One in 20 Canadians will spend at least part of his life in a mental institution.

But despite the fact that in the last 15 years there has been a 60 per cent increase in the population of mental hospitals, health and welfare officials are not unduly alarmed over the situation.

"First of all Canada's aging population has a lot to do with it."

Dr. C. G. Stodgill, chief of the department's mental health division, said in an interview here that about 25 per cent of those now in institutions are aged persons.

Then again, more persons are beginning to accept mental hospital care.

"While the mental hospital still is under a stigma, it is nothing like what it was some years ago," said Dr. Stodgill.

He added that Canada's 16 mental health clinics throughout the Dominion were doing much to assist persons in need of specialized treatment, but not hospital care.

EXPANSION HELD UP

A shortage of trained personnel—and especially of social workers skilled in psychiatric treatment—is the main problem holding up postwar expansion of these clinics, particularly in western Canada.

Sometimes sponsored by a school board, juvenile court, parent-teacher organization, or other group, the clinic is staffed by a psychiatrist, a psychologist and a social worker.

Behavior of epileptics, children and others is studied at the clinic. Dr. Stodgill described as "a most healthy sign" the fact that teachers are beginning to show a great interest in what makes children behave the way they do.

As well as providing treatment, workers at the clinics tell teachers and parents how to detect undesirable behavior trends.

The DOCTOR Says:

PATIENTS CONTRIBUTE TO MEDICAL PROGRESS

By EDWIN P. JORDAN, M.D.

In a recent column I called attention to the fact that many patients have greatly aided medical research and have made a real contribution to the health and well-being of those of us who are living today.

Among other such patients was a boy of eight named James Phipps. On May 14, 1796, young James was inoculated with cowpox taken from the hand of Sarah Nealmes. He thus became the first child to receive vaccination for smallpox. To test its value, Dr. Edward Jenner inoculated the child with smallpox eight weeks later. James did not contract the disease, and thus proof of the value of smallpox vaccination became established.

Much medical progress has been due to the physician who has made personal observations on himself as the patient. John Hunter shortened his life by an attempt to investigate the cause of syphilis; Henry Head, a famous British nerve specialist, cut one of the nerves in his hand to study the processes of nerve regrowth. Numerous medical in-

The All-New 1949 MERCURY steps up!

UP IN SIZE
IN BEAUTY
IN COMFORT
IN LUXURY
IN PERFORMANCE

Until you see the 1949 Mercury, examine it in detail, ride in it and drive it, you certainly won't realize what a step-up this car has taken. It's definitely a bigger, heavier car. It's distinguished in appearance, outside and in. In the way it handles, responds, and hugs the road it has set a new standard of performance.

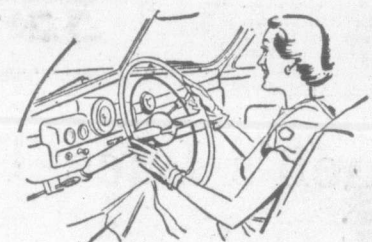

Stepped up in comfort. This new Mercury's "Lullaby Ride" marks a sensational advance in soft-gliding, vibrationless motion. For stability

and quietness, there's a super-rigid frame. The new 110-horsepower, V-type, 8-cylinder engine rests in this frame on only three rubber-cushioned mountings. Seats are moved forward and located well down between front and rear wheels. Independently suspended front wheels have alloy-steel coil springs with aeroplane type shock absorbers. Extra-long rear leaf springs are mounted parallel to the frame. The car rides on big, low-pressure tires.

Stepped up in luxury. In size and interior luxury the 1949 Mercury steps far ahead. Rear seat is a full five feet wide. The almost unbroken sweep of safety glass allows a wide-open view in all directions. Fittings are distinguished in design. Choice of three beautiful upholstery fabrics. Fresh, screened air can be brought in as desired, with Mercury's built-in Ventilation System.

And what a car to drive. New, balanced, feather-weight steering. Extra low centre of gravity gives road-hugging stability. Mercury Duo-Servo brakes for safety and ease of operation.

In new styling, in distinctive beauty, in riding luxury and in flashing performance it gives new meaning to motoring. Yes, in every detail the 1949 Mercury has "stepped up".

34-Pounder Wins First Prize in Salmon Derby

Close to 100 pounds of fish are seen in these salmon which took the four top prizes in Sunday's derby at Brentwood. From left to right: William Jackson, 34 lbs. 12 oz.; Wallace Hawes, 22 lbs. 6 oz.; Cyril Wagg, 18 lbs. 14 oz., and C. Fraser, 18 lbs. 3 oz. The derby was the last of the season for members of the Victoria-Saanich Inlet Anglers' Association.

Cleveland Wins Pair Behind Feller, Lemon

Lou Boudreau's mid-July prediction that his Cleveland Indians would win the American League pennant looked better than ever today.

The Indians are 1½ games ahead of Philadelphia Athletics, 2½ in front of Boston Red Sox and five ahead of New York Yankees.

Further cause for jubilation among the Indians is the fine pitching form displayed by the two Bobs, Feller and Lemon, who hurled the Indians to a 6 to 2 and 8 to 0 sweep of their doubleheader with the White Sox in Chicago yesterday.

The happiest note for the Indians in yesterday's triumphs was easily Feller's fine showing in the first game in which the former fireball specialist spaced 11 hits for his 12th victory. It marked the first time he has pitched a complete game since he was beaten by the Browns 3 to 2 July 11.

Lemon's shutout enabled him to become the first pitcher in the majors to win 16 games.

Manager Boudreau played a big part in both victories. He collected seven hits in 10 times at bat, scored three times and drove in three runs.

The Athletics rebounded from their two crushing defeats at the

came back to win the nightcap 8 to 7.

DIMAGGIO HOMERS

Phil Marchildon of Penetanguishene, Ont., started for the Athletics in the opener which drew the largest Yankee Stadium crowd of the year, 72,468. He had a 2 to 0 shutout going into the ninth inning and appeared on his way to his ninth victory of the year when he threw a home-run ball to Joe DiMaggio of the Yankees with one man on. It was the Yankee clipper's 26th of the year and knotted the count.

Carl Scheib relieved Marchildon and the Athletics came roaring back with three runs off Ed Lopat in the 10th inning to put Philadelphia in front. DiMaggio tripled in another Yankee run in the last of the 10th, but Lou Brissie replaced winning pitcher Scheib and retired Larry Berra for the third out.

In the remaining American League game, Detroit Tigers came up with two runs in the top of the ninth inning to break a 1 to 1 tie and defeat St. Louis Browns 3 to 1.

Brooklyn climbed back within three games of the National League-leading Boston Braves by defeating the Braves 4 to 2. The third-place St. Louis Cardinals picked up a half game on the leaders, dividing a doubleheader with the Pirates in Pittsburgh. They now trail Boston by 3½ games. The Cards won the opener 8 to 3, but lost the nightcap 5 to 4.

The Phillies set back the fifth-place New York Giants twice, 8 to 1 and 7 to 5. Chicago and Cincinnati divided a doubleheader. The Cubs won the opener 7 to 6 and the Reds copped the afterpiece 5 to 0.

Enthusiastic Ball Fan Goes To Jail

NEW YORK (AP) — A spectator who slid into second base during the second Philadelphia-New York Yankee baseball game Sunday was sentenced in night court to 10 days in jail.

The man, who gave his name as William Neller told Judge Hyman Bushel he did it "because a man bet me \$100 I wouldn't."

Neller was charged with disorderly conduct. He pleaded guilty.

Neller didn't collect his \$100. The police got him first.

Eaglettes Take Women's A Section Softball Title

Defeating Sidney, 14 to 10, in the fourth game of the best-of-five series, Eaglettes captured the A section championship of the women's senior B softball league Saturday night to qualify for the right to play the B section champions, J. H. & E. in the final.

Eaglettes won the series three games to one. J. H. & E. won the Byrdvision title playoff over New Method by the same margin.

First game of the playoffs will be held at Central Park tonight at 6.30.

Saturday's game was a hitfest with Eaglettes bashing out 20 blows and Sidney picking up 15. The suburbanites twice held a lead, once at 2 to 0 in the first inning and again in the fourth when they moved ahead 6 to 4. Eaglettes established their winning margin in the late innings, scoring five in the fifth, three in the sixth and two in the seventh.

Kitty Frost was the losing pitcher as she went the distance for the fifth time in six days. Ruth Oster got credit for the victory relieving Barbara Bone in the fourth.

Douglas Tire Island Softball Titlists

Whip Ladysmith 9-5 Behind Gunter For Ninth Straight Playoff Win

Manager Jim Lackie and his Douglas Tire softballers continued their winning streak in playoff competition as they defeated Ladysmith Travellers Hotel yesterday, 9 to 5, in the third game of a best three out of five final for the island senior A men's title. Tremen took the series three straight. They now mark time until a winner is declared on the mainland before entering the B.C. finals.

First three games of the final will be played in Victoria commencing Saturday with a single game at Central Park starting at 6.30. A doubleheader is scheduled for Sunday. Times and place to be announced later.

Ken Gunter was the winning hurler again and although nipped for seven hits and five runs he still had the Ladysmith batters breaking their backs on his change of pace ball.

Douglas Tire started off in great style in the first inning when they made three hits good for two runs. But the Travellers took the lead in their half of the inning when Al Copp levelled off on a pitch for a home run scoring two runners ahead of him to give his team a 3 to 2 lead.

Henry Harris singled after one

was out in the sixth. He went to third on a single by Ray Byers, and an error to the right fielder. The fielder threw the ball into the plate and it got away from catcher Lorne Harper allowing Harris to score from third. Byers ended up on third on the play, scoring later on a single by Chick Newman to give the Tremen the lead again at 4 to 3.

Ladysmith moved in front 5 to 4 in the bottom of the seventh when Garth MacDonald and Battle completed the circuit on a single by Lorne Harper and an error.

Byers singled to open the eighth. Ab Ellis skied out to left for the first out. Chick Newman walked only to be forced at second by Gunter. Pete Hawryluck Ladysmith shortstop was taken out of the play by Newman and Byers roared in with the tying run.

Don Robinson and Gar Taylor singled in succession to score Gunter. Dale singled behind second base. The second baseman picked up the ball and in trying to make a play at home to catch Robinson, threw the ball into the crowd and Taylor scored on the error.

Sid Burgess came in to relieve Dixie Harper at this point and Toad Garnet greeted him with a single, driving in Dale with the fifth run of the inning giving the Tremen a 9 to 5 lead.

Douglas Tire picked up a total of 14 hits from the offerings of Dixie Harper and Burgess, with Harper being charged with the loss, his third of the series.

The two teams played an exhibition game in the evening which the Tremen won by the lopsided score of 13 to 3 behind the pitching of Charlie MacKay and Stan Tenning. MacKay hurled one-hit ball for six innings allowing no runs.

A's Engage In Two Important Series

Victoria Athletics were enjoying a two-day rest today in preparation for series later in the week against league-leading Bremerton Bluejackets and Tacoma Tigers, with whom they are virtually tied for the runner-up spot. Athletics will travel to Bremerton tomorrow for three games, opening with a doubleheader tomorrow night. They return here Thursday for four games, and possibly five, with Tacoma. A doubleheader may be played Thursday night to pick up a rain-out earlier in the season.

A's closed out their home stand against Yakima Saturday by winning the twin bill 8 to 3 and 7 to 5 for a clean sweep against the last-place Packers.

Seventh-place Wenatchee Chiefs helped the A's Sunday by winning a doubleheader from Bremerton, 3 to 0 and 3 to 1. It cut the Jackets' lead over Tacoma and Victoria to six games. The Tacoma-Spokane doubleheader last night was canceled owing to wet grounds. Tonight Tacoma hosts Vancouver and Yakima entertains Spokane.

Business manager Reg Patterson of the Athletics announced Saturday that southpaw pitcher Wally Eads, who was with Twin Falls last season, would join the

club this week. Eads, a fast ball hurler, has been out of action this season with a sore arm but is reported ready for action again.

Saturday's two games produced a pair of smart pitching jobs by Lenny Kasparovitch and Joe Blankenship. The former notched his 15th victory of the season in the afternoon while Blankenship gained his 19th success in the nightcap.

Blankenship is now within three wins of the league record of 22 for a season. With the season to run until Sept. 15 the veteran right-hander looks practically a cinch to break the present mark.

Kasparovitch gave up five scattered blows in the opener. However, two of them were home-run

Three sparkling catches by the Yakima outfield marked the night game. Gene Thompson and Larry Oteig robbed Babe Jensen twice while Bill Barisoff raced a city block to make a backhanded smash to deep right-centre.

Short scores in Sunday's games follow:

First Game—			
	R.	H.	E.
Bremerton	9	6	0
Wenatchee	3	6	0
Marshall, Allen (5) and Volpi; Conover and Ginner.			
Second—			
Wenatchee	1	5	4
Pirack, Simon (8) and Ronning, Volpi (8); Lierman and Dalrymple.			

Mitchell, Hutchison Win Track Aggregates

Warming up for the B.C. track and field championships at Nanaimo, Labor Day, the Y's crack sprint squad of Harry Mitchell, Robert Duke, Gordy Pynn and Bob Hutchison took in the Highland Games at Seattle Saturday and walked off with the lion's share of the laurels.

Mitchell, returning to his early season form, won the 100 and 220-yard sprints to capture the senior aggregate trophy. Duke was second with Roger Wellman of Vancouver third in the 100 with Duke taking a third place in the 220.

Hutchison annexed the junior aggregate championships with victories in the 100 and 220-yard dashes and the broad jump. Pynn was second in the junior 100. Ron Webster won the open half mile.

The relay squad, unbeaten this year, won the half-mile relay. Time was 1.33.2. Pat Fleming topped the bar at

5 feet 2 inches to win the women's high jump. She was second in the 100-yard dash.

The showing of the "Y" team was one of the features of the meet as only six made the trip and a championship was won in every event in which they competed.

Davies Mound Star

Behind the one-hit twirling of Stan Davies, Eagles whitewashed Boosters, 10 to 0, Saturday night to strengthen their hold on second place in the city amateur baseball league.

Davies struck out 10 and lost his no-hitter in the fifth inning when Gerry Parker smacked a double. Art Worth was the losing pitcher.

Tonight the Eagles will engage the Navy at Athletic Park, starting at 6.45.

Baseball School Registration

Victoria boys from 12 years and up who wish to attend the New York Yankees baseball school at Athletic Park Aug. 23 to 25 and are unable to register at the park are asked to fill in this form and mail it to "BASEBALL SCHOOL," care of the Times sports department.

NAME _____

AGE AT LAST BIRTHDAY _____

Registrations will be accepted at Reg Patterson's office at Athletic Park daily, except Sunday, from 10 to noon, until Aug. 18.

But on Holders Retain Honors

Both pairs of golf button holders, Jim Ranson and Gordon Dods, the junior kingpins, and Eric Hiberson and Ken Lea, the senior champs, retained their honors yesterday over the Uplands course.

Ranson and Dods received the toughest battle as they were forced to the 19th before downing Bob Herbertson and Jim Merriam of Gorge Vale. It was a tight match all the way. Winners had a best ball of 76 for the 19 holes, the losers 78. Best ball of the match was 71. Next challengers will be Gary Shepherd and D. Turnbull of Victoria Golf Club.

The defending duo of Hiberson and Lea were forced to come from behind to defeat Bob Morrison and Gordon Verley in the senior button match, winning 1 up. Two down at the turn they squared the match at the 15th.

The 16th was halved in birdie two's. Hiberson and Lea won the match on the 17th. The 18th was halved. Best ball for Hiberson and Lea was 66, one better than the losers 67. Winners had six birdies during the round. Next challengers will be J. Clarke and Eric Barber of Gorge Vale.

Montreal Carsteels Held To Draw By U.S. All-Star Club

MONTREAL (CP)—A United States all-star team from Chicago's National Soccer League battled the Canadian champion Montreal Carsteels to a 3 to 3 draw Sunday in the first game of a home-and-home, total-goal series for the Trainer trophy, emblematic of international soccer supremacy.

The teams will meet again Sept. 12 in Chicago.

Sunday's game was a thriller, with Montreal scoring the tying marker on the last kick of the game. The American's led 1 to 0, at half-time, and the teams traded goals in the second half until Andy Menyes clicked to give Carsteel an even break.

Doug McMahon and Bill Chambers notched the other Montreal goals, while Gil Heron, Gardie and Matevich scored for the U.S. all-stars.

Montreal won the Canadian championship last week by defeating Vancouver St. Andrews in a three-game series.

Junior Handicap Golf At Uplands

Qualifying round for the Uplands junior handicap golf championship and the Challoner-Dillaough Trophy will take place Sunday. Closing date for entries is Thursday.

Eighteen holes on full handicap will constitute the qualifying round with match play to be decided on three-quarters difference in handicaps. Entrants wishing handicaps can arrange same by turning in two cards this week. Ronnie MacLeod is defending champion.

Bill Jackson Takes First In Fish Derby

Members of the Victoria-Saanich Inlet Anglers' Association turned out in great numbers Sunday for the last association derby of the season at Brentwood. Fishing was only fair, however, and only a few boats returned with a full limit catch.

Winner of the fishfest was William Jackson, 4546 East Saanich Road, who placed well above others with a salmon weighing 34 pounds, 12 ounces.

Jackson caught his fish in a Tillicum plug just off the Bamberton cement works' quarry. He had 100 feet of line out, and was using a planer. He landed the fish shortly before 11.

As derby champion, Jackson won a new inboard motor boat and gained possession of the Joker International Perpetual Challenge Cup.

Wallace Hawes, 854 Seymour Avenue, was second with a spigmen which pushed the scale to 22 pounds, 6 ounces.

Hawes' fish was also caught close to Bamberton on a Tillicum plug. He had 300 feet of line out and hooked the fish at noon. Second prize was a four-piece silver tea service.

OTHER WINNERS

Cyril Wagg, Ganges Harbor, Salt Spring, was third with a fish weighing 21 pounds, 14 ounces. His was caught on a Glendon Stewart No. 5 near the Malahat's stone house. He had 200 feet of line out with a planer attached. Third prize was a case of flat silverware.

C. Fraser, 1140 View Street, was fourth with a fish weighing 18 pounds, 3 ounces, and C. Fraser, 3701 Quadra Street, was fifth with a catch of 17 pounds, 4 ounces.

Others to take prizes, and the weights of their fish, were: Fred Trickett, sixth, 13 lbs., 14 oz.; J. Burwood, seventh, 13 lbs., 4 oz.; Henry Fehron, eighth, 12 lbs., 6 oz.; Al Heglin, ninth, 12 lbs.; W. J. Fraser, tenth, 11 lbs., 14 oz.; and J. Heglin, eleventh, 10 lbs., 6 oz.

R. Mercer, 5 Boyd Street, took the top consolation prize, a vacuum cleaner, with attachments; B. Fish, 1042 Clare Street, second consolation prize, an auto rug; George Lovatt, 2038 Milton Street, third, a rod, reel and steel line, and R. Lohr, Prospect Lake, fourth, a tackle box.

Prizes were presented at the Brentwood Anchorage by association president Les Dicks.

A derby for members of the Chinook Club will be held next Sunday, Harry Woolston, club secretary, announced.

Eagles Capture Twin Bill To Take Juvenile Ball Title

Eagles won the championship of the juvenile section of the Minor Baseball Association yesterday by sweeping both ends of a twin bill from Tillicum, 9 to 7 and 5 to 2, to win the best-of-five series, three games to one.

Tillicum won the first game of the playoffs, but Eagles bounced back to take the title by capturing the next three.

Bruce Auchinclove went the route for the birdmen in the first game, with Stewart the loser for the clubmen. In the second game, McLeod tossed the victory with Art Green suffering the defeat.

SOAP BOX CHAMPION

AKRON, O. (AP) — Donald Strub, a 13-year-old Warren, O., boy made good Sunday his second attempt to annex the All-American soap box derby championship, winning over 148 other entrants—the biggest field in the race's 11-year history.

CARPET BOWLING

A meeting of the St. Albans carpet bowling club will be held in the hall at the corner of Ryan and Belmont Thursday night at 8.

District Merchants Drub Langford To Knot Playoff Series

District Merchants, senior B softball champions of the Colwood and District League, squared the best-of-three series for the lower island crown with Langford of the Victoria league at one game apiece yesterday by whipping the city nine, 9 to 4.

Langford won the first game of the series, 7 to 6. Third and deciding game will be played at Central Park Thursday night at 6.30.

The View Royal team jumped on Langford starter, Dave Scafe, in the second inning and chased him from the hill with a game winning six-run outburst. Skinner relieved Scafe and gave up three additional runs by the fourth inning to put Merchants in an insurmountable 9 to 0 lead.

Lou McCorkall started for Merchants but gave way to John Oliver in the sixth inning after giving up all four runs. Oliver shutout Langford in the last three frames.

Short score follows:

	R.	H.	E.
Langford	4	7	5
Merchants	9	8	3

The Rest Captures Exhibition Cricket

Marking the official opening of the new cricket pitch at Beacon Hill Saturday, The Rest defeated a combined eleven from Five C's and Albions 55 to 54 in an exhibition match.

Alderman Waldo Skillings attended to officiate in the opening ceremonies.

Going in to bat first, the Five C's-Albions had a tough time with the bowlers, as George Payne and Shanks, each with 12 runs, were the only players to gain double figures. D. Morgan, with 23, was high bat for The Rest, followed by Stanley with 15. The winning run was a leg bye and the final wicket fell on the next ball.

Ted Barkins took seven wickets for 28 for The Rest. Jack Payne led the combined team in the bowling department with five wickets for 28 runs.

Nanaimo Lacrosse Squad Reaches Island Finals

Nanaimo Palaces lacrosse squad entered the finals of the island playoffs by taking their best two-out-of-three game series against Tillicums two straight over the weekend by scores of 12 to 2 and 8 to 7. Nanaimo will meet Jokers in the finals, starting Saturday night at Nanaimo with the second game here Sunday.

Playing on their home floor Saturday night, the coalowners had little difficulty in registering a decisive win. Taking an early lead at the outset, they were never in danger, holding the locals to a single goal in each half.

Yesterday's game, played at Stevenson Park, started out to look like a repetition of the opening tilt, as Don White, Red Gorman and Jimmy Rice each tallied for Nanaimo to give the up-landers a 3 to 0 lead at quarter time. In the second frame, Dorman and White notched their second markers while Wes Manson bagged a pair to increase Palaces' edge to seven goals at the midway point. Fred Fulla, in the Nanaimo nets, blanked the Tillicums for the entire first half.

GREAT RALLY

After the rest session, the clubmen came up with a threatening drive that netted them four straight goals, one each from Ken

Druce and Bud Leonard and two by Ed Popham. Peter Good of Nanaimo got his team's eighth counter and was followed by Bob Long scoring Tillicum's fifth, for an 8 to 5 score at the end of the third quarter.

The Nanaimo attack came to a standstill in the final period, as Buzz Long, Tillicum netminder, came up with some brilliant saves to shut the winners out for the remainder of the game. Popham sliced the visitors' lead to two goals with five minutes left to play. The thrilling finish to the game came after Ken Druce had counted for Tillicums, leaving the score at 8 to 7 for Nanaimo, with two minutes remaining. Winners managed to maintain possession of the ball to the end.

Dorman, Rice and Manson each bagged a pair of counters for the winners and Ed Popham and Druce counted three and two goals, respectively, for Tillicums.

Teams and scores follow:

Nanaimo—Fulla, Good 1, Calverley, R. Bemie, Menzies, Dorman 2, Potts, Don White 1, Rice 2, Gold, E. Bemie, Manson 2, P. White.

Tillicums—Long, Henderson, Leonard 1, Corry, Lawrence, Booth, R. Long 1, Downs, Bourke, Bamford, Popham 3, Druce 2, Oakley.

Seals Split With Oakland To Retain Coast League Lead

By the narrow margin of three percentage points the San Francisco Seals today led the Coast League baseball race.

The Seals preserved their lead by splitting a doubleheader with Casey Stengel's persistent Oakland outfit. San Francisco won the morning game, 5 to 3, and Oakland, collecting five runs in the first inning, took the wind-up, 12 to 7.

Actually, San Francisco is in much better position, since it has played four less games than Oakland, and has the opportunity of widening the advantage.

As the result of a foul claim, the judges placed Mrs. John D. Heftz favored Nursery School second and Ohsodry, owned by Dr. L. H. Appleby of Vancouver, third.

John Roberts' Battle Cloud, second under the wire, was disqualified and ranked fourth after Ohsodry's jockey, Henry Wil-

Victory Gift Scores In Longacres Derby

SEATTLE (AP)—Victory Gift, a Winnipeg filly beaten only three times in the last eight starts, won the \$10,000 added Longacres Derby for three-year-olds Sunday on a track turned into a quagmire by early morning rains.

Astride the winner was P. J. Bailey of Vancouver, who made a special trip here to pilot the Winnipeg horse in the second richest stake race of the Longacres season.

Owned by A. G. (Scotty) Kennedy, Victory Gift finished three-quarters of a length in front of the nine-horse field with a time of 1:54.25 for the mile and one-eighth.

The Kennedy filly was favored in the weights, carrying only 111 pounds compared to the 122-pound top, impost assigned to Nursery School.

The rain and mud cut the field from 15 to 9, with scratches eliminating several of the top contenders such as Ambler In, Galla Damion and Minstrel Boy.

Big Entry For International Horse Show; Judges Named

Nearly 100 out-of-town entries have been received for the International Horse Show at the Willows, Aug. 28, it was learned today from John MacCormac, director of the Kiwanis Club-sponsored event, when he announced the names of judges who have been secured.

MacCormac said horsemen from Washington and Oregon are showing keen interest in the show. Entries are being received as well from Alberta, mainland British Columbia and up-island points.

"With the excellent quality and the large quantity of entries received, this show will be by far the most outstanding ever held in western Canada," he added.

Three of the finest judges of horses and horsemanship on the continent have welcomed the opportunity to act at the show.

Main judge is Clem Gardner of Calgary, senior judge of the Canadian Horse Shows Association, who as judged at shows throughout Canada and the United States.

Second judge is Dr. Gilson Ross, well-known Washington State and Pacific Coast judge of gaited performances. He will judge the three and five-gaited saddle classes.

No. 3 is Miss Pamela Scott-Reid of Vancouver, junior judge of Canadian Horse Shows Association, who, with Gardner, will judge hunter, jumper and western classes.

Paul Hurmuses Lands 52-Pound Salmon

Paul Hurmuses, local cafe man, landed a 52-pound spring salmon off Tidal Island Saturday. It was the largest of the season on the lower island and one of the largest ever reported in Oak Bay waters.

Hurmuses used a Lucky Louie plug on 300 feet of wire line with no weight and had a half-hour's tussle landing the big fish.

Don Olds Wins Racing Main Event In Local Car

Taking over the driving job of Jerry Vantreigh's car Saturday night at the Langford Speedway, Don Olds of Tacoma piloted the hot rod to a triple victory. Olds followed triumphs in the first heat and Australian pursuit with a smashing win in the main event.

After starting far back of the pack in the feature event, Olds finally took command on the 27th lap and kept his foot on the throttle the remainder of the way to grab off the major portion of the purse. The race produced a thrilling duel between the visiting pilot and Digger Caldwell and Jack Spaulding. Second place went to Spaulding, with Caldwell third.

Howie Stanley, who won the time trials in 18.12, also took the nod in the helmet dash after a car-to-car finish with Olds.

Olds was the winner of the first heat by a comfortable margin over Stanley second and Bung Eng third. Eng took the second heat as Caldwell placed second and Spaulding third. The third heat went to Spaulding, followed by George Haslam and Corky Thomas. Fourth heat went to Thomas ahead of Eddie Kostenuik and Roy White.

Second place in the pursuit event was won by Stanley, with Spaulding third.

During the warm-up session, George Hutchison rolled his car and had to be taken to hospital for observation. It was announced he had suffered no serious injuries.

Eastern European Olympic Athletes May Come To Canada

LONDON (AP)—Athletes from Communist-dominated eastern Europe who came to Britain for the Olympics are seeking ways to avoid going home.

A check today showed at least five men—two Czechs and three Hungarians—have announced plans to stay in England. Several Yugoslavs and Poles have asked about their chances of staying here or going to Canada or the United States.

Almost a third of the Hungarian Olympic squad of 125 is still in England. Many Czechs are still here and will remain for the funeral of one of their group, a girl gymnast who died Saturday.

Three Hungarian swimmers, Oskar Czuvik, 23, Elemer Szatmari, 22, and Desso Gyarmati, 21, received permission from the Home Office to stay here for an extended time.

Two Czech swimmers, Limhart and Kolar, have asked through Czech relief organizations about going to Canada.

"There is a possibility that more athletes from Communist-dominated European countries may want to see us," a Home Office official said.

Red Dutton Takes Junior Hockey Post

MEDICINE HAT, Alta. (CP)—Mervyn (Red) Dutton has accepted an invitation to be commissioner of the new prairie interprovincial junior hockey loop, it was announced today, while Harper Parry of Moose Jaw, Sask., will be secretary-manager of the six-team, Southern Alberta-Saskatchewan Junior Hockey Association.

The former National Hockey League president will head a league in which Regina, Moose Jaw, Medicine Hat, Lethbridge, Bellevue and Calgary will be represented.

Harrison Dillard Winner At Paris

PARIS (AP)—Harrison Dillard of Baldwin-Wallace, world's fastest hurdler who couldn't make the U.S. Olympic team in his pet event, came back into his own Sunday by winning a 110-metre hurdle event in 13.9 seconds at an international track meet.

United States athletes won nine of the 11 events on the first half of the program that will be concluded today. France won one race—the 25 kilometer walk—and Italy got the other, the discus.

Demaret, Greimer Tie For Golf Lead

ST. PAUL, Minn. (AP)—Jimmy Demaret, Ojai, Calif., dropped in a birdie four on the 18th hole to boost himself into a tie with Otto Greimer, Baltimore, Md., at the end of 72 holes of play in the St. Paul Open Golf Tournament Sunday.

The birdie gave Demaret a four-under-par 68 and a 273 total for the 72 holes of play. Earlier, Greimer had shot a 69, his second of the tourney, for his 273. They will play off the tie today.

Jake Young Qualifies For Bisley Team Berth

CONNAUGHT RIFLE RANGES, South March, Ont. (CP)—A Toronto father and his son Saturday competed against each other for the famed Governor-General's gold medal. The father, 60-year-old Lieut. James Boa, placed first; his son, Gilmour, 24, second.

The father-and-son combination led the field of 149 contestants in the thrilling marksmanship finale that ended the six-day Dominion of Canada Rifle Association meet here.

For Lieut. Boa, who has been shooting in D.C.R.A. meets since 1908, it was his first time as winner of the gold medal.

Firing over the long, wind-swept 900-yard range, he put on a dazzling display of marksmanship, carding 14 bull-eyes with 15 shots to overtake his son's three-point lead from previous 300 and 600-yard range shoots.

Lieut. Boa shot 46, 49, 74 for a score of 169 of a possible 175. His son, Gilmour, fired 49, 49, 68 for a total of 166.

An almost clean sweep of the meet's top honors was made by Lieut. Boa.

He set a record by taking the D.C.R.A. silver cross in Grand Aggregate scoring for the third time, piling up a score of 594 of a possible 635.

He followed this up by topping the list in the Bisley aggregate with 763 of a possible 805 score to win the silver medal of Britain's National Rifle Association and head the selection for next year's 18-man Bisley team. He thus becomes a three-time Bisley member, for he made the team in 1920 and 1934.

Taking second spot in Bisley team standing was Maj. Desmond T. Burke, Willowdale, Ont., a Bisley veteran and many-time winner of the King's Prize. Gilmour Boa was sixth in Bisley standing.

Among the 18 marksmen eligible for the Bisley team are: Lieut. James Boa, Pte. Gilmour Boa, both of Toronto; Maj. Desmond Burke, Willowdale, Ont.; Maj. J. W. Houlden, Winnipeg; Sgt. M. Ostergaard, Calgary; Inspector J. A. Young, Victoria; and Pte. Jack MacNeil, West Vancouver.

Seven others, ranking just below the Bisley leaders, have a chance of making the team if any of the 18 drop out.

They include: Capt. G. Gamble and Capt. A. J. F. Roberts, Winnipeg; Lieut. J. F. Samson, Camp Shilo, Man.; and Flt. Sgt. J. R. Sullivan, Sidney, B.C.

Negro Hurler Puts Over Perfect Game

MONTREAL (CP)—Big Don Newcombe, Montreal's negro fastballer, pitched a no-hit, no-run game in the seven-inning nightcap of an International League double-header Sunday as the league-leading Royals blanked Toronto Maple Leafs, 8 to 0, after having their 16-game winning streak snapped in the opener, 14 to 8.

LOS ANGELES (AP)—Willis Anderson, 35-year-old Los Angeles postal clerk, won the man's singles championship of the national public parks tennis tournament Sunday by defeating young Hugh Stewart of South Pasadena, Calif., in a five-set thriller, 7-5, 6-2, 4-6, 3-6, 9-7.

B.C. Effects Classification Of Tourist Camps And Resorts

Tourists stopping at resorts and tourist camps throughout British Columbia now will know at a glance what accommodation they can expect.

This is possible under a classification system being effected by the provincial government. The best camps will display four stars, while the poorest equipment and least comfortable camps will not be permitted to display any rating.

So far 600 of the province's 1,000 camps and resorts have been classified.

While camps in urban and rural areas providing similar accommodation will display similar signs, slightly different aspects are taken into consideration in arriving at the rating. One set of provisions applies for Victoria, Vancouver, New Westminster and Burnaby camps while the other applies for the camps outside these areas.

In making the classification such things as outward appearance, construction of buildings, area of bedrooms, closet space, bathroom fixtures, cleanliness, heating equipment, floor coverings, lighting fixtures and furniture are taken into consideration. A camp with good bed springs and soft mattresses is given extra points.

The theoretically perfect camp

is rated 100 points. Points are deducted from this total for camps providing less equipment.

Camps given 81 to 100 points are entitled to display the four star sign; those with 66 to 80 the three star sign; those with 51 to 65 the two stars; those with 31 to 50 one star and those with less than 31 no stars.

Owners and operators of resorts and camps are required to display the certificate of registration and it is unlawful for the individual to indicate a higher rating than given in the certificate.

Owners dissatisfied with the rating given them may appeal to a five-man board composed as follows: Deputy minister of trade and industry; commissioner of the B.C. Government Travel Bureau; assistant commissioner of the same bureau, and representatives of the B.C. Auto Clubs and Resorts Association and the B.C. Automobile Association.

'Be Sure To State Size And Color'

Strange, indeed are the questions and requests which come through the mail to the office of the Victoria Chamber of Commerce.

For instance, a post card received this morning from a man in Huntington Park, Calif., reads simply:

"Gentlemen — Would you kindly send us information regarding purchase of an island in Canada. Thank you."

"Very vague," commented Norman Foster, assistant secretary of the chamber.

To Serve Warrant Against Suspect For Youbou Fire

It was indicated today that the man suspected of arson in connection with the fire which destroyed the Youbou bunkhouse in which two lives were lost and fourteen injured on May 8, was being held at Oakalla prison by Provincial Police.

Police officials refused to confirm or deny the report. Police disclosed, however, that a warrant had been made out for the arrest of a man suspected of setting fire to the bunkhouse.

The action follows an intensive investigation by police into the cause for a series of fires on Vancouver Island during the last three months.

The bunkhouse fire, which cost the lives of two men, broke out at 4:35 Saturday morning, May 8. It raged through one wing of a two-story bunkhouse near the lakeside mill of B.C. Forest Products Ltd. The building was occupied by 85 to 90 sleeping millworkers.

Most escaped by leaping through windows, but 14 were hospitalized by burns.

Mrs. Margaret Brock, War Worker, Passes

Mrs. Margaret Phoebe Brock, 55, wife of Capt. Eustace A. Brock, died here Sunday after a lingering illness.

Daughter of the late Hamilton Augustus Jukes and Mrs. Jukes, Mrs. Brock was born in Winnipeg. Member of a family which has been distinguished for public service, Mrs. Brock had won recognition in her own right, and was one of the few women who awarded the King's Jubilee Cross and Coronation Medal.

She was active in war work in Ottawa from 1937 until 1945, when she moved to Victoria.

Surviving are one son, Cmdr. Jeffrey V. Brock, D.S.C., R.C.N., at present stationed in Ottawa; four daughters, Mrs. Philip Cox, Winnipeg; Mrs. H. M. Dutton, London, Ont.; Mrs. Ross Hanbury, Victoria, and Miss Gail, at home, and five grandchildren.

Latter Day Saints' Leaders On Tour

Bruce R. McConkie, a member of the First Council of Seventy of the Church of Jesus Christ of Latter-Day Saints, is touring British Columbia, Alberta and Saskatchewan with Glen G. Fisher, president of Western Canadian Mission.

Mr. McConkie will speak in Victoria Aug. 23 at 7:30 in North Ward Hall, 804 Kings Road.

Mr. McConkie is representing the General Authorities of the Latter-Day Saints Church in an annual tour. He is a member of the Desert News editorial staff, which field he entered because of his love of writing, despite a law degree and two years' experience as Salt Lake City's prosecutor, and four years' experience as an officer in the security and intelligence division of the U.S. army.

Victoria Unit No. 12 held its annual picnic at Goldstream on Saturday, drawing a large turnout of members and their families. The program was varied and the competition keen. Lunch was served by the ladies' auxiliary of the unit. Maj.-Gen. G. R. Pearkes, V.C., presented the prizes.

Cost, Revenue Ratio Of Railways Frightens Him

Sir Edward Peacock at his hotel room desk.

"We operate on a ratio that frightens me, as an old man," said Sir Edward Peacock, Canadian Pacific Railway director, in Victoria today.

Canadian-born Sir Edward, who is also a director of the Hudson's Bay Co. and is now on a tour of Canada, said at one time the railway operated on a 75 per cent ratio of costs to gross income. The ratio is now 95 to 96 per cent, he said.

During the course of his tour, Sir Edward is seeing how the C.P.R. roads and the HBC stores are doing and what their prospects are. So far as the railways are concerned, they are carrying all the traffic they can, he said, but the costs are moving ahead fast.

So far as the HBC stores are concerned, he has found that they are doing well and expects them to continue doing so. At present they are handling all the British goods they can, but are finding that the prices of some lines are going too high. He could not predict what the future of British goods would be in the HBC stores but noted that a good deal of representation had been made to Britain regarding the high

Air Chief Considers Auxiliary Squadron For Victoria

Decision on whether or not Victoria will have an auxiliary R.C.A.F. squadron will probably be made shortly during discussions of National Defence Minister Brooke Claxton with the chief of air staff.

Announcement that he was taking up the matter with the chief of air staff was made by Mr. Claxton in letters to Fisheries Minister Mayhew of Victoria and Maj.-Gen. G. R. Pearkes, V.C., M.P. for Nanaimo. "This matter has been under active consideration since the termination of hostilities," wrote Mr. Claxton. "Our plans provide for the creation of an auxiliary squadron at Victoria. It is just a question as to whether we can find in the district of Victoria personnel of the various types required, particularly ground crew personnel."

Meanwhile former air force officers here have prepared lists of those willing to serve in such a squadron and they claim that there are adequate ground personnel available in this area. Of the 114 names forwarded to Mr. Claxton, 72 were ground personnel.

Food Poisoning Reported

City health officials said today several reports have been received recently from persons believed to be suffering from food poisoning, but in all cases the suspected food had been destroyed.

They stated it is necessary that a sample of the food be supplied so that tests can be made and the supposition that it is the cause of the trouble can be proved or disproved.

Prevention, the officials advised, consists in careful attention to cleanliness in the preparation of any food that is eaten without previous cooking, in good methods of food storage and in proper sterilization of dishes.

St. Clair Boys Honor Instructor On His 80th Birthday

Some of the St. Clair boys, accompanied by their wives, visited their old drill instructor, Maj. Ian St. Clair, at his farm on North Quadra Street Sunday afternoon to honor him on his 80th birthday.

Premier Byron Johnson, Alderman Charlie Banfield, Johnny Johnson, Archie Wills, Ed. Rowe, Bottom, Bill Gower, Jim Mann, Percy Marchant, Ab. Lindsay, Bert Merchant and H. McConnell were among those who attended. The visitors were greeted by Maj. St. Clair in a room, the walls of which were covered with his fine collection of old swords, fencing foils and masks, pistols and guns.

FIRST SWIMMING TANK

Maj. St. Clair was wearing his Good Citizenship Medal which was presented to him several years ago by the citizens of Victoria for his great interest in the youth of Victoria. For many years he was the drill instructor for the city schools and over 40 years ago was the first swimming instructor. With his own funds he constructed a large floating swimming tank in the upper harbor and taught hundreds of children how to swim. It was mostly the breast stroke in those days.

Premier Johnson proposed the toast to Maj. St. Clair. He told of the high respect in which the old boys still held their former drill instructor, thanked him for the good example he had set and wished him continued good health.

Maj. St. Clair, who is visited each year by his old boys on his birthday, followed his customary line of conversation on Sunday. He regaled his boys with some of the pranks of his childhood, made his comments on world affairs and then laid down a program of some of the things he would like to see done.

Being deeply concerned with the health of the people he expressed concern over the fact that British Columbia and other parts of the country were financing many projects from the profits derived from the sale of liquor.

Maj. St. Clair, although blind and deaf, is able to keep posted through his Braille readings and the "hand-writing" of some of his friends.

Improvement Noted In B.C. Forest Fires

An improvement in British Columbia's forest fire situation during last week was reported by the B.C. Forest Service today. With 52 fires burning when the week started and 52 occurring during the week, firefighters extinguished 63 blazes. There were 17 still burning when the week ended.

Both the number of fires reported today and the cost to the government of fighting them has been less than in 1947, when forest fire losses were smallest of some time.

To date this year there have been 671 fires and the cost to the government of fighting them has been \$36,163. Last year at the same date there had been 1,035 fires and the cost to the government of fighting them had been \$51,464.

In the Vancouver forest district, which includes all Vancouver Island, there have been 192 fires, costing the government \$2,308 to fight.

Greatest number of fires and the greatest cost has been recorded in the Port George district. There have been 165 fires costing \$24,651.

Blood Clinic At Naden This Week

For everyone else Navy Week has ended, but for officials of the Red Cross blood transfusion service, it is only just beginning. "Wednesday and Thursday of this week the mobile collecting unit will be over from the mainland and will be stationed at H.M.C.S. Naden, where 600 officers and ratings have volunteered to contribute to our blood bank," a Red Cross spokesman explained.

This is the fourth time the clinic has been held at the Esquimalt base. It was the scene of the first clinic on Vancouver Island when the service was inaugurated early in 1947 and has been similarly used on two other occasions, he noted.

Fined For Selling Liquor To Indian

For supplying beer to an Indian, David Ekstrom was sentenced in police court today to a fine of \$50 and in default one week in jail. Acting Magistrate Pat Sinnott sentenced Eric A. Peay to 10 days in jail for stealing clothes over the value of \$25.

Power Commission Appeals After Three-Year Interval

Following three years of argument and representations before various courts, the B.C. Power Commission, in a special Supreme Court hearing before Mr. Justice J. O. Wilson, today launched its appeal against the purchase price set for the Nanaimo-Duncan Utilities Co. in 1945.

H. W. Davey, K.C., is representing the commission, while Alfred Bull, K.C., is representing the company.

Today's appeal finds its beginning when the power commission was formed in 1945 with power to take over power utility companies in 1945. One of its acquisitions was the Nanaimo-Duncan Utilities Co., for which a separate appraisal value was reached by the American Appraisal Co.

The commission, with 30-days' grace to file its appeal, was late in appealing. From this started a long-drawn-out effort to have the appeal heard. The effort met with continual failure until a special act of the B.C. Legislature at its last regular session

gave the commission the opportunity of having its appeal heard. In his opening remarks Mr. Davey drew an outline of the submissions the commission would make in its appeal against the price set by the American Appraisal Co.

Among the points he raised was that while there were advantages enjoyed by the utilities company, there were also two serious disadvantages which should be considered in the establishment of the acquisition price of the company.

These were: 1. That while the company was essentially distributing power only, it manufactured approximately 25 per cent only of the power it distributed. 2. The remainder was purchased from other sources; and, 3. Under its contract, the company was being required to build its own plant for the production of further power.

In addition, Mr. Davey noted that, in 1945, it had been proposed to start an investigation into the company's rate structure.

Royal Roads College Now In Vancouver, Says Newsreel Voice

Chamber of Commerce and Publicity Bureau officials here are up in arms again about Vancouver cashing in on a Victoria asset.

This time the cause of their wrath is a Canadian-Universal newsreel, which shows part of the graduation exercises held last month for naval cadets at Royal Roads. The trouble comes when the commentator informs listeners that Royal Roads is in Vancouver.

"This sort of thing has happened to many times before," one of the chamber officials declared. "It's time it was stopped."

A. M. Davidson, manager of the Odeon Theatre, where the news feature opened for a five-day run on Saturday, said several movie patrons have already complained to him about the misleading information.

He has written the producing company's office in Vancouver, informing its officials of the error.

Victorian Promoted

Writer Douglas H. Alderson, R.C.N., now serving aboard H.M.C.S. Cayuga, has been advanced to the rate of leading writer, according to a list of advancements in the Royal Canadian Navy.

Ldg. Wrtr. Alderson is married and lives at 643 Avalon Road, Victoria.

Finds Mystery Note In Bottle

A mysterious time-yellowed note in a brown whisky bottle was the exciting find of 12-year-old Edward Fairless when he visited Foster's Beach in Esquimalt Saturday.

Edward found the bottle in a mass of seaweed which had drifted up on the beach. Inside was the message, partly illegible, which purported to come from three airmen.

The words "Ess-Oh-Ess" were printed on it, along with a message, dated June 31, 1943, which said: "Adrift at sea for God knows how many days. Our throats are parched and arid. We have but one life to give for posterity. Not that we are selfish men, but we just like to hang on to what we have got... which ain't much. However in the delirious state that we are in, life itself doesn't mean much. So taxes being what they are and the sad state of the world as it is today... let us toss discretion to the winds and let our course be determined by the elements. God Save the King." Underneath were signatures, "Flt. Lt. R.C.A.F.," "Flt. Sgt." and a third title beginning with "Air."

In an exhibition cricket match Sunday between the team from H.M.S. Sheffield and a picked Victoria side the result was a draw. Victoria scored 118 for four wickets declared while the navy put on 99 for six wickets when the time limit expired.

21 Die In Traffic Accidents In B.C.

Traffic accidents are taking a heavy toll of lives in British Columbia, according to H. S. Hipwell, president of the British Columbia Automobile Association. To date 21 persons have been killed in traffic accidents.

Mr. Hipwell said, the greatest motoring hazard in British Columbia is the neglect of the "right of way" rule. In just one month 239 accidents were caused that way.

He said "cutting in" was responsible for 178 accidents; passing on curves 135; driving off the roadway, 145; and following too closely 127. Property damage in a month amounted to \$205,823.27.

Hal Roach Comedy Featured At York

Today's attraction at the York Theatre will be "The Hal Roach Comedy Carnival," a full-length laugh-fest in color, which supplies movie audiences with scenes ranging from outright hilarity to subtle, sophisticated humor and the thoroughly unconventional antics of an unpredictable dog. In addition, "The Comedy Carnival" marks the first use of color in films other than outdoor epics or musicals.

Starred in the picture are Margot Grahame, Frances Rafferty, Marie Wilson, Barbara Bates, Walter Abel and Donald Meek.

Boyer In Highly Dramatic Role

Presenting Charles Boyer in one of the most highly dramatic roles of his career, "A Woman's Vengeance," opens at the Plaza Theatre today.

Produced and directed by Zoltan Korda, the Universal-International picture has an outstanding supporting cast including Ann Blyth, Sir Cedric Hardwicke, Jessica Tandy and Mildred Natwick. Aldous Huxley wrote the screenplay which has been given lavish production as well as meticulous casting down to the smallest parts.

ODEON THEATRE

Michael Balcon's "Against the Wind" unit had a narrow escape from landing in a Belgian jail on their return journey from location work in that country.

A wily peasant spotted the unit boys loading a lorry with Gestapo uniforms, guns and other warlike paraphernalia. It all looked very suspicious, so the observer informed the super efficient Belgian police force and gendarmes who, in next to no time, made a beeline for the lorry and the men who were loading it.

Fortunately, explanations soon smoothed things out, and two policemen decided to remain with them in case of a recurrence of any further embarrassing incidents of a similar nature. "Against the Wind" currently at the Odeon Theatre.

No Polio Cases Here

The total number of cases of communicable diseases reported during the second quarter of this year in the city and Esquimalt is less than one-third of a year ago.

This was reported to the City Council today by Dr. J. L. Gayton, medical health officer.

He stressed that the area has been free this year of cases of poliomyelitis although seven cases were brought to the Isolation Hospital during June from H.M.C.S. Athabaskan.

The number of reported cases of venereal disease has shown a marked decrease, Dr. Gayton said.

"Our efforts to control V.D. have been aided greatly by the excellent co-operation received from the police departments," he added.

Soviet Smile In New York

Zot Chepurnykh, Russian vice-consul, was accompanied by Zina Ivanova, secretary to Consul-General Jacob Lomakin, as he arrived at Roosevelt Hospital in New York. He was permitted to enter the room of Mrs. Oksana Kosenkina, Russian teacher whose fear of "slavery and death" led her to leap from a window of the Soviet consulate. Here the secretary replies in Russian to a query from reporters. Man hiding behind girl is unidentified.

Better Sterilization Of Beer Glasses Here

Tests on glassware in Esquimalt beer parlors show an improvement in washing and sterilization, it is reported by Dr. J. L. Gayton, medical health officer for the area.

"Improved equipment in the licensed premises is the reason," he said.

He reported also that in spite of heavy daily use of the city's two indoor swimming pools, Crystal Garden and Y.M.C.A., they continue to show a high standard of maintenance.

Milk tests still are showing an improvement over previous years, the doctor continued, but warmer weather brought "some poorer scores" in the second quarter of this year than during the first quarter.

"Improvements are continually being made in the milk plants and plans are under way for further changes in the near future," it was stated.

Start Expected On Highway This Fall

Works Minister E. C. Carson still hopes that a start will be made this fall on the new Island Highway route from Duncan to Ladysmith.

Originally planned for this summer the calling of tenders for the project, the largest single road building undertaking by the provincial government on Vancouver Island, has been delayed by difficulties over the route. Plans are being made to reduce to a minimum the divisions of property by the new road which will be to the east of the present highway.

Weather

Weather synopsis and official forecast issued at 10 a.m., P.D.T., Monday, Aug. 16, by the Dominion public weather office at Vancouver, valid until midnight Tuesday, Aug. 17:

Synopsis—No marked change is expected in the general weather situation over B.C. through Tuesday. Conditions will remain clear and warm over the northern section of the province with cloudy skies and slightly higher temperatures in the southern section.

Vancouver and vicinity, Lower Fraser Valley, Georgia Strait—Overcast this morning becoming cloudy in afternoon. Tuesday cloudy in morning, clearing in afternoon. Wind light. Little change in temperature. Low tonight and high Tuesday Vancouver airport 54 and 70; Abbotsford 50 and 72; Nanaimo 50 and 70.

Victoria and vicinity—Today and Tuesday overcast in morning, clearing in afternoon. Wind light. Little change in temperature. Low tonight and high Tuesday Victoria 51 and 65.

West coast Vancouver Island—Cloudy today and Tuesday. Wind light. Little change in temperature. Low tonight and high Tuesday Estevan 52 and 63.

Research Planned On Uranium Ores Discovered In B.C.

The B.C. Research Council will examine ores found in the Bridge River district which are known to contain uranium, it was learned here today.

Confirmation of the discovery of uranium, rare metal used in making atomic bombs, has been given by Dr. J. F. Walker, provincial deputy mines minister. The find was made by a Vancouver prospector, Ernest Johnson, near Gun Lake, 15 miles north of Bralorne.

The council will examine the ores to determine if they contain rare earths, including thorium. If no crystallization has taken place in the ores it is possible they contain pitchblende. If the ore contains pitchblende it will be the first recorded discovery of this in British Columbia.

While cobalt in association with silver was found in general association with pitchblende in the Northwest Territories, in the Bridge River district the cobalt is found in association with gold. "It's uranium, all right," said Dr. Walker of the ore found by Mr. Johnson. "It's the first authentic discovery in B.C. of which we have definite information."

"Our tests of ore samples sent us by Johnson are not finished yet. We don't know how much uranium exists there, and we haven't yet identified the mineral in the samples. We do know, however, that the mineral is radioactive and that it contains uranium."

In Vancouver it was reported that Mr. Johnson has entered a partnership with Egil Lortzen of Vancouver. The pair have formed a private syndicate, Pacific Uranium, to develop the property.

Playground Activity

Doll shows, pet contests and decorated vehicle parades were special events featured at three of the Saanich supervised playgrounds last week.

At Strawberry Vale School, Dennis Purdy and Mariene Parsons took top honors in a pet contest, while other prize winners were Larry Todd, Phyllis Arnold, Teddy Margetish and Mona Jameson.

A doll show at the same playground drew many entries and prizes were awarded Barbara Waugh, Marilyn Todd, Heather McWilliams, Eric Longland, Len, nie Lightfoot, Christine Paton, Donna Fear, Gracie Margetish, Cecilia Baer and Diane Cummins.

Winners in a decorated vehicle parade, held at Strawberry Vale community playground, were Elberta Heighes, best bicycle; Myrna Preece, best scooter; Gail Moyer, best wheelbarrow; Betty Bone, best tricycle; and Linda Gent, best doll buggy. Special awards went to Billy Cassidy, for having the most novel decorated vehicle; Billy Williams, the most original; and Lloyd Henson, the fanciest.

A doll display at Qu'Appelle playground was judged by Mrs. A. Burt and Mrs. C. P. Moran. Winners were: Barbara Pearson, oldest doll; Ann-Louise Pennington, prettiest; Owen Lang, smallest; Lynne Simpson, largest; and Keith Bosker, funniest.

Fay Blaus and Rosemary Heavener won prizes in a hobby show and John Adams and Penny Folkes were best sandcastle builders.

'Sinbad The Sailor' Has Love Affair

A tempestuous love story weaves its way through stirring, swashbuckling adventures in RKO Radio's resplendent new Technicolor production, "Sinbad the Sailor," starring Douglas Fairbanks Jr., Maureen O'Hara and Walter Slezak, is now at the Oak Bay Theatre.

In the role of Sinbad, Fairbanks falls in love at first sight with Shireen, played by Miss O'Hara, who is attached to the court of the powerful Emir of Dalbul, Sinbad's mortal enemy.

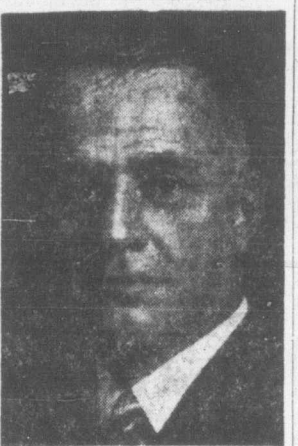

Outstanding Drama Offered At Atlas

The greatest common denominator for "The Grapes of Wrath" and "Tobacco Road," two outstanding dramas which return for an encore triumph today at the Atlas Theatre, is their earthy humor.

This was the watchword followed by Darryl F. Zanuck in producing these films for Twentieth Century-Fox, carried out with top co-operation of the ace scripter, Nunnally Johnson, Director John Ford and the brilliant casts headed by Henry Fonda, Gene Tierney, Dana Andrews, Charley Grapewin, Marjorie Rambeau and John Carradine.

Tracy Thriller On Rio Screen

Four killings and a fur warehouse robbery set off all the excitement in "Dick Tracy's Dilemma," third in the RKO based on the Chester Gould newspaper thriller feature, now being shown at the Rio Theatre. Ralph Byrd, who created the role of Tracy on the screen several years ago, portrays the square-jawed detective, in the new offering, with Kay Christopher in the Tess Trueheart part, Lyle Latell again as Pat Patton and Ian Keith once more as Vitamin Flintheart. Jack Lambert as The Claw is the principal "heavy" in the picture, which was directed by John Rawlins.

NAMED DIRECTOR—Appointment of Clarence Wallace, C.B.E., well-known Vancouver shipbuilder, to the board of directors of the British American Oil Company Limited, has been announced by W. K. Whiteford, president. Mr. Wallace is president of Burrard Drydock Company, Yarrow's Ltd., and Wallace Shipbuilding and Drydock Co. Ltd., all of Vancouver, and a vice-president of the Cassiar Packing Co. Ltd. He is also a director of Crown Life Insurance Company and a member of the Vancouver board of the Canada Trust Company.

Mack Sennett To Be Honored At Hollywood Dinner

By BOB THOMAS
HOLLYWOOD (A.P.)—Mack Sennett, Canadian-born comedy pioneer, will be honored with a dinner at the Masquers Club this week. Frank Capra, Leo McCarey, Harold Lloyd, Buster Keaton and Frank Fay will be among the speakers. Hollywood's conscience has been hurting since D. W. Griffith died in obscurity. After all these years, Claire Trevor has decided she wants to be a star.

Claire has specialized in first-class supporting parts, such as those in "Stagecoach," "Dead End" and "Murder, My Sweet," while taking an occasional flier at leading roles. This has been going on for 15 years and now she's aiming at the top bracket. "Until now I always thought of the movies as a temporary arrangement," she explained. "I had always thought of myself as a stage actress. But I had a few flings at the stage and I decided I like pictures better."

"Now that I no longer feel temporary in the movies, I want stardom. Heretofore I never felt the demands were worth the advantages. But I realize that's the only way I can get top roles, top directors and top cameramen."

Today's feature: Hollywood sights and sounds—Gene Kelly putting a "Frankie Lane" sign on Sinatra's dressing room. Producer Humphrey Bogart shouting "quiet!" on the "knock on any door" set. Ex-Cartoonist Gary Cooper making sketches as the architect in "The Fountainhead".... Turhan Bey and Arlene holding hands (not in the script) as she visits the "Parole" set.

CAPSULE REVIEW

"The Pitfall" (U.A.) is a frightening preachment for erring husbands. It shows what happens when a married insurance man (Dick Powell) takes a fling with a model (Elizabeth Scott). The result: Two shootings and much unpleasantness. Told starkly with unpleasant characters, the film will please fans of realistic drama.

ROYAL THEATRE

"While the Sun Shines," showing today at the Royal Theatre, stars Ronald Howard, son of the famous Leslie Howard. Ronald Squire, Brenda Bruce, Bonar Colleano, Jr., and Margaret Ruthers are also in the cast. The story centres around a group of people who come together in London, and it tells of their adventures in a gay and humorous fashion. "While the Sun Shines" was produced, directed and written by the same great trio that gave us the English Academy Award winner, "The Way to the Stars."

CAPITOL THEATRE

An original rhapsody by Oscar Levant is included in the score of Warner Bros.' brilliant Technicolor musical, "Romance on the High Seas," a Michael Curtiz production, now at the Capitol Theatre. Levant plays the composition in a night club sequence which figures in the plot development. Jack Carson, Janis Paige, Don DeFore and the sensational new comedienne, Doris Day, top the cast in this lively musical.

ABOUT

JOHNS-MANVILLE

WRAP-JET ENGINE IN BLANKET

Everyone knows that a jet engine can propel a plane at terrific speed. But few realize the importance of insulation both to the engine and to the plane.

A Johns-Manville development known as the Thermoflex Insulation Blanket is now used in the aviation industry. Its job is twofold. First, it protects adjacent parts of the aircraft from the intense heat generated by the engine. Second, it helps make possible greater engine efficiency.

The Thermoflex Insulation Blanket is only one of many Johns-Manville Insulations that control temperatures from 400 degrees below zero to 2800 degrees above. In fuel alone, these J-M Insulations save industry millions of dollars every year.

If you have an insulation problem, why not call in a J-M specialist. Contact Canadian Johns-Manville, 1206 Homer St., Vancouver.

A Favourite Remedy

For the past hundred years DOCTOR FOWLER'S EXTRACT OF WILD STRAWBERRY has been a favourite remedy for bowel complaints. It is safe, pleasant and effective.

Prescribed for Diarrhoea, Intestinal Pains, Sea Sickness, Summer Complaint.

You will be surprised how quickly it works and how much better you feel. DOCTOR FOWLER'S EXTRACT OF WILD STRAWBERRY.

HOT-FLASHES?
Are you going thru the functional "middle-age" period peculiar to women (35-52 yrs.)? Does this make you suffer from hot flashes, feel so nervous, high-strung, tired? Then try Lydia E. Pinkham's Vegetable Compound. It's the most reliable remedy for hot flashes, nervousness, and all the other troubles of middle age. It's the most reliable remedy for hot flashes, nervousness, and all the other troubles of middle age.

Pribilof Seal Herd Restored In Size

WASHINGTON (AP) — The Pribilof Islands seal herd at last has been built back to the size it was when purchased from Russia 81 years ago, the United States Fish and Wildlife Service says.

The United States has made more than twice as much off the herd, director Albert M. Day of the agency said recently, as the \$7,500,000 paid to Russia in 1867 for all of Alaska. The Pribilofs are in Bering Sea west of Alaska.

One fifth of the skins taken are the property of the Canadian government.

Milton C. James, acting director of the service, said the 1948 fur seal population of the Pribilofs is 3,837,131, about 6 per cent more than the 1947 total.

During the first year of United States ownership of the Pribilofs the seal herds declined rapidly because of unrestricted hunting.

An international treaty of 1911 banned hunting at sea. The annual kill at the Pribilofs is strictly controlled.

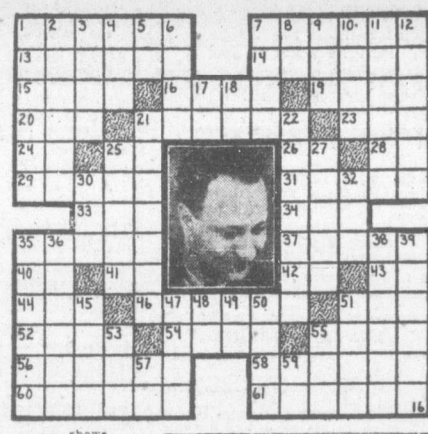

During the season just ended 70,142 skins were taken, James said.

When Kidneys Work Too Often

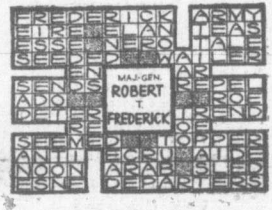

Are you embarrassed and inconvenienced by too frequent kidney action during the day or night? This symptom as well as Smarting Passages, Backache, Leg Pains, Loss of Energy, Rheumatic Pains and Headaches may be due to Kidney and Bladder troubles. The very first dose of the scientifically compounded medicine called Cystex usually goes to work right now helping nature eliminate irritating excess acids and wastes which may cause your trouble. Trial Offer: To prove what Cystex may do to bring you help from the pains and distress of Kidney and Bladder troubles, get Cystex from your druggist and give it a fair trial. Unless satisfied, you get your money back on return of empty package. So don't suffer another day without trying Cystex.

Market Trading Near 4-Year Low

NEW YORK (AP) — Small gains and losses were well scrambled in a slow-moving stock market today.

Trading was at about a four-year low. The day's turnover was at the rate of around 450,000 shares, which would be the smallest since only 345,000 shares changed hands in September, 1944.

Quotations for numerous key issues wavered between the plus and minus columns throughout the session.

Dow Jones closing averages:
30 Industrials... 180.30, up 0.67
20 rails... 53.66, off 0.13
15 utilities... 34.20, up 0.05
65 stocks... 67.05, up 0.12

London Market

LONDON (Reuter) — Price changes showed small losses in most sections of the London Stock Exchange today. There was inactivity and apathy, mainly due to the continued lack of news from the Moscow talks. Tomorrow is the last day of the current account, another factor deterrent to trading.

Closing quotes: Babcock & Wilcox 66 3/4, B.P. 100 1/2, Canadian Pacific 102 1/2, Consolidated Goldfields 58 1/2, Courtauld 38 1/2, Imperial Chemical 48 1/2, Metal Box 98 1/2, Mexican Eagle 14 1/2, Rand Mines 128 1/2, British 3 1/2, War Bonds 108 1/2, British Funds 48 1/2, 1940-41 113 1/2.

Calgary, Edmonton, Home Oil Down

VANCOUVER (CP) — Trading was light in the morning session of the Vancouver Stock Exchange today with mines and industrials recording a slight up trend while oils were down.

In oils Calgary and Edmonton fell 20 to 5.55 and Home dropped 10 to 8.00.

Brallorne edged forward 5 to 7.15 in the mines while Canadian Colliers jumped 20 to 3.40 in the only industrial sale.

Vancouver averages:

20 golds... 40.53, off 0.65
10 base metals... 111.20, unchanged
15 oils... 173.37, off 2.09

Family Loses Home

A NORTH VANCOUVER (CP) — A North Vancouver lumber mill worker and his family were homeless today as a result of a fire which destroyed their six-room home during the weekend. H. Nuttall said the fire apparently started from a live cigarette, dropped inside a chest-drawer.

Former Vancouver Artist Killed

BOSTON (CP) — A Canadian artist killed last Friday near Mandeville, Jamaica, today was identified by his sister here as George Goutiere, formerly of Vancouver.

Christine Weston, author of several novels and sister of Goutiere, said today she had received word from Kingston, Jamaica, of her brother's death in a bus accident last week. She is flying to Jamaica today to make funeral arrangements.

Goutiere's wife, with him on the bus when it overturned, is severely injured and in hospital. They were on their way to Kingston, where they were to leave for Canada after an extended vacation in Mexico and the West Indies.

A water color specialist, Goutiere had illustrated several of Miss Weston's books. The 45-year-old artist left Vancouver in 1946 to travel through Mexico, Latin America and The Indies.

Twenty other persons were injured in the accident, Jamaica reports said.

Stocks Continue Downward Trend

MONTREAL (CP) — Stocks continued to slide downwards in dull trading on the Montreal Stock Exchange today.

International Paper moved against the trend to post a 1/4 lead. St. Lawrence Paper first preferred slipped nearly a full point, while Abitibi, common and preferred, Consolidated Paper, Brown and Howard Smith dropped smaller fractions.

Bell declined 1/2 and Shawinigan was shaded in a dull utility list.

Closing Montreal averages:

20 Industrials... 126.03, off 0.09
10 utilities... 74.70, off 0.04
30 combined... 109.01, off 0.07
10 pulp, paper... 349.04, off 2.38
15 golds... 57.20, off 0.05
Total sales, 119,900.

Industrials, Golds Firmer In Tone

TORONTO (CP) — Prices were mixed in light trading on the Toronto Stock Exchange today. Industrials and golds showed a slightly firmer tone after fluctuating throughout the session. Base metals eased slightly in sluggish action and western oils were down.

Utilities led the strengthening in the industrial groupings on some good fractional gains. Foods and papers were strong while steels eased.

Calgary and Edmonton and Home Oil dipped 10 cents in western oils. Consolidated Homestead was also down, but Globe Oil, Atlantic Oil and Highwood firmed.

Toronto closing index:

20 Industrials... 176.23, off 0.36
20 golds... 84.93, up 0.66
10 base metals... 96.12, off 0.23
15 western oils... 37.85, off 0.24
Total sales, 455,000.

Grain

WINNIPEG (CP) — Oats and barley futures today sold off from early highs in dull closing trade on the Winnipeg Grain Exchange. Commission house selling pared early advances based on light buying by eastern interests. Trade was dull and uninteresting.

(By H. A. Humber Ltd.)
Oats—No. 2 cw, 117-1/2, track 106-7.
Barley—No. 2 cw, 107-1/2, track 107-7.
Rye—No. 2 cw, 107-1/2, track 107-7.

Cash Grain Close

Oats—No. 2 cw, 80-5, track 75-5.
Barley—No. 2 cw, 117-1/2, track 106-7.
Rye—No. 2 cw, 107-1/2, track 107-7.

CHICAGO (AP) — The grain market was totally lacking in any definite trend today. With the single exception of September corn, price changes did not amount to anything.
